# GOP Congress Race Has All-Berrien Cast

By JERRY KRIEGER  
Farm, Features Editor

Four Republican candidates, all from Berrien county, will clash in the Aug. 3 primary election for their party's nomination to the Congressional seat being vacated by U.S. Rep. Edward Hutchinson of St. Joseph.

Richard E. (Mike) Daugherty, 54, of Sister Lakes is the lone Democrat in the race will take on the survivor of the Republican battle in November. Daugherty escaped a primary tussle when Jesse W. Howard of Union Pier veered over to become a candidate for Berrien county sheriff. Howard had indicated earlier that he

would run for the Congressional seat.

The four GOP contestants who have filed petitions with the state elections division for the Fourth district GOP race are: David Stockman, St. Joseph; Lee Boothby, Berrien Springs; David S. Frazer, Benton Harbor, and Miss Helen Take, St. Joseph. The Fourth district embraces nearly all of seven counties, stretching from Berrien and Van Buren on Lake Michigan through Lenawee county on the east. Other counties in between are Cass, St. Joseph, Branch and Hillsdale. Additionally, two townships in Calhoun county are appended to the district.

Stockman is 29 years old, and until last June was executive

director of the House Republican conference for the U.S. House of Representatives.

Boothby, 43, is a Berrien Springs attorney and senior member of the law firm of Boothby and Huff.

Miss Take (pronounced Tuckee) is 28 and a substitute teacher in the St. Joseph school system. She lives at 2835 Lake Shore drive, St. Joseph.

Frazer, 35, is an accounts manager for Benton Harbor Engineering division of Koehring, Inc., and resides at 1406 US-33 North, Benton Harbor.

Democrat Daugherty two years ago opposed Hutchinson. He is employed at the Construction Machinery division of Clark Equipment Co. at Benton Harbor, and is president of UAW local 1290 there.

In the neighboring Ninth Congressional district, which starts at the Allegan county line just north of South Haven and stretches north about 200 miles to the tip of the Leelanau peninsula, incumbent Congressman Guy Vander Jagt of Luther is without opposition on the Republican side of the ballot.

Vander Jagt will be matched against Stephen E. Fawley of Hudsonville, who is the lone Democratic candidate, in November.

## Hopefuls Rushing For Strang's Seat

By JERRY KRIEGER  
Farm, Features Editor

The upcoming retirement of State Rep. DeForest Strang in the 42nd district produced a flood of eight candidates who want the Republican nomination

for the office in the Aug. 3 primary. One Democrat will also make a bid.

Republican incumbents in four other state representative districts, in southwestern Michigan all were without

primary opposition in their party when the filing deadline passed at 4 p.m. Tuesday. They are: Harry Gast, Jr., St. Joseph, 43rd district; Ray C. Mitten, Niles, 44th district; Bela E. Kennedy, Bangor, 45th district, and Edgar J. Fredricks, Holland, 54th district.

There are two Democratic candidates in the 44th and the 45th districts, meaning primary contests to decide who will face Mitten and Kennedy, respectively. There is one Democratic entry each in the 43rd and 54th districts.

In the 44th district, Charles P. Henderson, a Benton Harbor high school teacher, and Lawrence Sherman, of Townline road, Benton township, will square off in the primary for the Democratic nod to oppose Mitten in November. Henderson extended Mitten two years ago in a battle that gave Mitten a 110 vote edge after a recount.

The 44th district takes in the Cities of Benton Harbor and Niles, and the Townships of Benton, Bainbridge, Pipestone, Berrien and Niles, all in Berrien county; plus the City of Dowagiac and the Townships of Silver Creek, Pokagon and Milton in Cass county.

The two Democratic contenders in the 45th district are Ronald K. DeCook, of Grand Junction, currently a Van Buren county commissioner and a student at Michigan State university, and Merle B. Hamre, Paw Paw. Hamre is a retired FBI agent and a former hospital department head. The Aug. 3 winner will go against Kennedy in November.

The 45th district embraces most of Van Buren county the northern tier of townships and the Cities of Colon and Watervliet in Berrien county; seven townships and the Cities of Oshtemo and Plainwell in southern Allegan county, plus the Township of Orangeville in Branch county.

Laurel Groenke, a Baroda urea farmer and a frequent candidate for political office, was the lone Democrat to file for the 43rd district seat. He and Gast will meet in November. The district covers the western and southern portions of

## Syria Occupies Lebanese Oil Shipping Port

By FAOUK NASSAR  
Associated Press Writer

BEIRUT, Lebanon (AP) — Syrian troops and tanks took over the harbor at Sidon, 25 miles south of Beirut, today and occupied the neighboring American oil refinery, leftist Lebanese sources reported. Observers said the Syrian command was safeguarding its oil supplies before sending troops to Beirut to force an end to the 14-month-old civil war in which an estimated 26,000 Lebanese and Palestinians have been killed. Syria gets much of its fuel from the Sidon refinery.

## Military Maternity Uniforms

SAN ANTONIO, Tex. (AP) — The Air Force is considering proposals for a special military maternity uniform or a civilian maternity outfit for pregnant servicewomen.

The changes were suggested at a workshop at the U.S. Air Force military personnel center at Randolph Air Force Base here.

The Air Force allows pregnant WAFS to wear civilian maternity clothing when Air Force uniforms no longer fit because of advanced pregnancy.

One of the new proposals would have the Air Force issue military maternity uniforms. The second would allow pregnant servicewomen to continue wearing civilian maternity clothing, only with name tags and rank insignia attached.

"We're trying to determine which idea is feasible," a Randolph spokesman said.

In Jerusalem, the Israeli government said it would take action in Lebanon if its tactical or strategic defenses were threatened. Sources said that so far, there appeared to be no immediate threat to Israel.

Foreign Minister Yigal Allon told parliament Israel was checking developments in Lebanon "every day and every hour ... according to the long- and short-term implications of Syrian involvement."

The Syrian march into Lebanon provoked a flurry of protest from Muslim and Palestinian leaders.

The over-all leader of the Moslem-led coalition, Kamal Jumblatt, messaged President Anwar Sadat appealing for an "all-Arab action" to resist the Syrians, the Cairo press reported.

The Egyptian government has made no comment on the incursion.

The Palestine Liberation Organization office in Cairo asked for a cease-fire in the fighting.

## Smashup Halts Hundred-Mile Freedom Dash

IONIA, Mich. (AP) — The Ionia County Prosecutor said today he will issue warrants charging an Ionia Reformatory walkaway with kidnapping, armed robbery and assault with intent to murder following a wild chase across southern Michigan Tuesday. Prosecutor Lawrence McKaig said the warrants would be issued against 19-year-old David Closser of Livonia, who held a teen-aged girl hostage while up to 20 police cars and a helicopter pursued the pair.

Closser was in police custody today and listed fair condition at a Howell hospital with a concussion and possible fractured back. His hostage, 17-year-old Connie Allen of Ionia, was unharmed and home with her family. She was released near Howell Tuesday night, moments before Closser was captured.

The chase began Tuesday with Miss Allen at the wheel of her family car and then a police car. Five hours and 100 miles later, the chase ended when Closser slammed a second patrol car into a ditch, sending it flipping end over end.

"She was in shock from the more than four-hour ordeal but otherwise OK," a state police spokesman reported. Efforts to reach the family today were unsuccessful.

Closser, armed with a deer rifle taken from the Allen home, forced the girl to drive at speeds up to 100 miles an hour along Interstate 96. Twice, she

swerved into the median to dodge road blocks. Officers finally halted the first patrol car by shooting out its tires.

Closser, serving prison terms for breaking and entering and auto theft, was apprehended near Howell at 10:45 p.m., almost 10 hours after he walked

## New Judgeships Attract Candidates

By JERRY KRIEGER  
Farm, Features Editor

Two new judgeships in southwestern Michigan, created just last month by the legislature, drew a flurry of candidates for the fourth circuit judgeship in Berrien county and a second district judgeship in Allegan county.

As anticipated from advance announcements, three persons filed petitions with the state elections division by deadline time Tuesday for the extra seat on the Berrien bench. They are: Probate Judge Zee Burkholz of Benton township; District Judge Ronald J. Taylor, of Benton township, and Atty. Yvonne Hughes of Benton Harbor.

Judge Burkholz said she was the first to file for the Berrien circuit judgeship, delivering petitions with 1,688 signatures Friday to the secretary of state's election office. She said nearly 3,000 signatures had been collected in the countywide campaign.

Voters on the nonpartisan ballot in the August primary will vote for one candidate, and the two candidates with the highest totals will go on to the general election in November.

Three candidates also will vie in the primary in Allegan county for the new district judgeship there. And a trio of candidates also will require a primary in the nonpartisan race for Cass county probate judge.

A two-way race developed to fill a vacancy on the Van Buren probate bench.

Berrien District Judge John Hammond will have no opposition for return to his second term in that office.

Van Buren Circuit Judge Meyer Warshawsky of South Haven is unopposed for the remaining two years in the term of retired Judge David Anderson.

Warshawsky was appointed to fill the vacancy until Jan. 1 by Governor Milliken early this year.

Atty. George A. Greig of Dumont lake was the only candidate to file for probate judge in Allegan county, where Probate Judge Dwight M. Cheevers is stepping out at the close of his term.

The three candidates for the extra seat on the Allegan District court bench are Harry A. Beach and J. Andrew Domagalski, both Plainwell lawyers, and Peter Antkowiak II, of Allegan, chief assistant prosecutor for Allegan county.

The two highest vote getters in the primary will go on the November ballot.

In Cass county, Probate Judge Wilson Eby, 60, will have primary opposition for his third six-year term from Michael

Dodge, 31, Cass county prosecutor, and Robert Craig, 60, a Cassopolis attorney.

"The vacancy left when former probate judge Mayor Warshawsky was advanced to the Van Buren circuit bench earlier this year will have two

contenders, Frank Willis of Paw Paw and Atty. William Hoyer of South Haven. Willis presently is Van Buren prosecutor but is to be sworn in within a week as probate judge until next Jan. 1 under appointment by the governor.

## Helen Ford Still Absent; BH To Try, Try Again

The Benton Harbor city commission adjourned last night without a quorum for the fourth time in nine days because Commissioner Helen Ford was absent again. This time Mrs. Ford was reported in Bethesda, Md., where she was on business as executive director of Berrien County Action, Inc., to pick up a family planning grant from the U.S. Department of Health Education and Welfare (HEW). City Manager James Peoples Jr. said he learned Mrs. Ford would be absent last night from Suzy Edwards, coordinator for BCA. Peoples said Mrs. Edwards told him Mrs. Ford had been unavoidably detained at HEW headquarters.

Mrs. Ford's travels in the past week have taken her to Chicago for a meeting connected with Berrien County Action and to St. Paul, Minn., for a conference on housing. She said two flat tires prevented her return from Chicago in time for the May 24 commission meeting.

Three city commissioners Tuesday sent a telegram to Mrs. Ford urging her to attend a commission meeting at 7:30 p.m. Thursday.

Five commissioners are required for a quorum to transact business. Mrs. Ford's absences have left just four present.

Commissioner Arnold Babin announced last night that he and Commissioners Edmund Eaman and Charles Yarbrough agreed to send the telegram after learning yesterday afternoon that Mrs. Ford would not attend last night's commission meeting.

"As members of the city commission, we urge you to arrange your schedule so a meeting of the commission can be held on Thursday, June 3, at 7:30 p.m. in the commission chambers," the telegram to Mrs. Ford said. "We respectfully request your cooperation so the business of the city can be done."

## She Loses \$22,350 In Bonds

By TOM BENNER  
South Haven Correspondent

SOUTH HAVEN — Negotiable Canadian bonds valued at \$22,350 were reported lost yesterday morning by a South Haven woman, according to city police.

Mrs. Elizabeth Nichols, 201 Center street, South Haven told police she had placed an envelope containing the bonds on the roof of her car, momentarily forgot about them and drove away. When she stopped the car the envelope was gone.

Mrs. Nichols said the bonds were lost sometime between 5:10 a.m. and 6 a.m. yesterday.

When a search of the area failed to uncover the envelope police had the city's street sweeper emptied and scoured through the debris, but without success.

Mrs. Nichols told police there were three \$5,000 bonds, five \$1,000 bonds and an additional \$2,350 in miscellaneous values.

Police said they notified area banks and post offices to be alert for the bonds. The serial numbers were entered into the Law Enforcement Information Network (LEIN) computer.

## As Others Have, Martha Found Strain Was Great

Although the balance is changing slowly and inexorably, the power center at Washington has been with the male and the scene along the Potomac enlivened by the female.

This brightening of the somewhat turgid landscape has been sporadic and for reasons which have varied widely.

Dolly Madison, wife of our fourth President, was the first woman to establish any kind of a public name. She is remembered for salvaging some White House treasures during the War of 1812 before the invading British troops burnt the first Chief Executive residence.

Peggy O'Neill stirred a long standing political controversy between Andrew Jackson and his opposition before and during Old Hickory's election as the seventh President.

Mary Todd Lincoln, wife of the 16th President, became a bone of contention within Old Abe's own party during the Civil War. Not only was her eccentricity blown up into outright lunacy, Lincoln's hard core opposition within Congress painted her Kentucky ancestry as a fifth column support for the Confederacy.

Edith Bolling Wilson, the second wife of the 28th President, virtually served as President ex-officio during the final days of her husband's second term when he was incapacitated by a stroke.

Grace Coolidge is still recalled by people in their 70s and older as a person of infinite charm and personal integrity. She did much to overcome the lackluster appearance given out by "Silent Cal," her husband and the 30th President.

Alice Roosevelt Longworth, daughter of President Teddy and wife of Nicholas Longworth, the House speaker in the 1920s, to say the least, sparkled. Her energies and outspoken views were close to boundless.

Eleanor Roosevelt was involved in so many projects throughout FDR's long tenure in the White House as to rival her husband consistently for the top position in the news columns.

Following World War II, Perle Mesta by inheritance and Gwen Caffritz by marriage had access to bottomless pocketbooks. The two fought a lively duel for many seasons to be Washington's No. 1 hostess.

Betty Ford is stirring things up for Jerry, so deftly thus far as to be his best chance for election to the Presidency in his own right.

A few days ago Martha Mitchell, the outspoken wife of John N. Mitchell,

Nixon's Attorney General and campaign manager during the 1972 Watergate scandal, died alone and penniless in a New York City hospital.

The impetuous Martha and the stolid John, provided a flashy contrast against the socially sombre Nixon Administration.

They first met in New York City. This kindled a spark resulting in shedding their original spouses and marrying one another in 1957.

Already established as a Gotham socialite, Martha missed the first chance to broaden the horizon at Washington when Nixon lost the razor thin election to John F. Kennedy in 1960.

Her chance came eight years later and she made the most of it.

The initial thrust took the Mesta-Caffritz route.

In 1969 Nixon encouraged her to apply her witty barbs to the objects of his detestation, the anti-war demonstrators. She took to the television to describe them as "liberal Communist revolutionaries."

Next on the list was J. William Fulbright, then chairman of the Senate's Foreign Relations Committee.

The Senator from her native Arkansas, she said, should be crucified for his anti-war politics.

The Supreme Court, then still presided over by Chief Justice Earl Warren, came in for a lick. Martha recommended it be abolished.

Things started going downhill for her following, even prior to the 1972 re-election of Nixon.

White House insiders contrived to throw a blanket of sorts over Martha's head. They feared her wide ranging opinion assessments might scatter to unwanted targets. In June of '72 she claimed to have been kidnapped temporarily by Nixon agents.

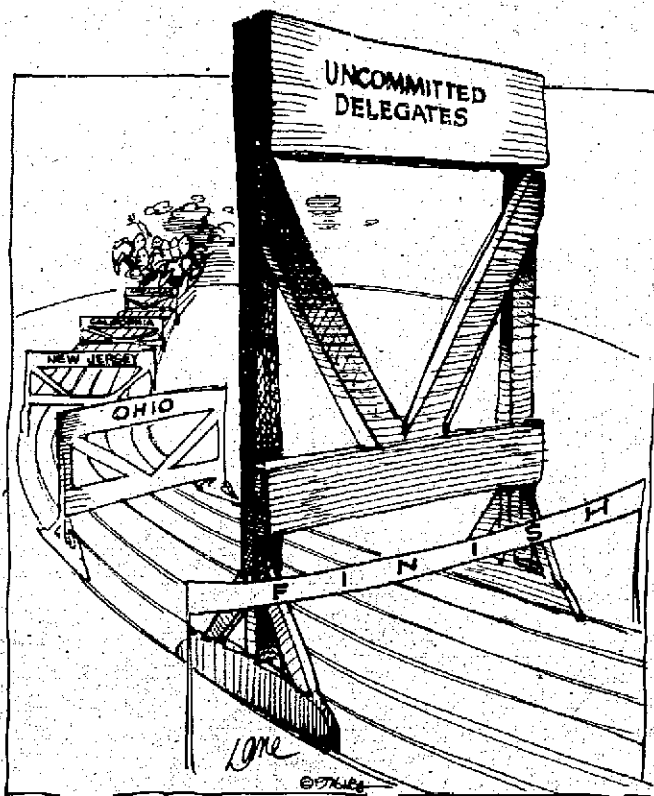

She blew the lid on his imposed silence in March of 1973 by seeking out a reporter to say Nixon should be impeached because of Watergate.

Later the marriage with Mitchell went on the rocks and at the time of her death the two were still arguing an alimony award to Martha.

Before her health completely gave way, she made a few appearances of a post Watergate nature on TV talk shows, but she was far from the Martha of old.

Washington furnishes heady music for those who would dance to it.

Few, however, survive the strain exacted by that strenuous orchestration.

## Run Paving South And Save Lane Memorial, Says Reader

Editor,

The Herald-Palladium last Saturday and its picture captioned "Last Memorial Day for Memorial" suggests we reflect on the relationship of heritage to progress. These only conflict if we lack perspective and vision.

For 42 years the Edra Lane Memorial has stood as a tribute to the love devoted parents and their children share. It continues daily to express peace, comfort, serenity, and solace to many who have laid their children and other loved ones to rest.

We recognize the careful tight fitting required to place the proposed widened road through that area. We also believe there is an obligation to set high priorities on the things of ongoing inspiration, beauty, and value.

During World War II, allied

bombers destroyed the rail terminal at Cologne, Germany without significant damage to the Cologne Cathedral standing right next to the tracks. This was accomplished because someone decided to keep sacred something of long-term value while accomplishing the current objective.

In our own little way in this community we have a similar opportunity. Mrs. Lane and her late husband and family have shown they are people of vision, substance, and feeling. We can surely pour our concrete a few feet farther south in appreciation of what they have done.

Hopefully the citizens of this community will insist on preserving the beautiful Edra Lane Memorial and everything for which it stands. The added numbers of people who will pass there daily on the new

widened and improved Napier Avenue should not be deprived of its continuing inspiration.

### CRIME VICTIM BILL 'ANOTHER TAX BURDEN'

Editor,  
In the May 12 issue of The Herald-Palladium there appeared an article entitled, "Crime Victim Bill Near Final Approval." After reading this and weighing the advantages and disadvantages of this bill, I am opposed to its passage.

No doubt a bill such as this would benefit a few people but, primarily it would again be another tax burden for the middle income taxpayer who is presently paying the majority of the tax dollars. I don't object helping those in real need, but like most other things those in real need don't always receive it.

Think of the enormous cost involved if this bill were passed. More personnel would be hired to investigate claims and awards. Salaries for these people would be considerable let alone the cost for office space, office supplies, travel expense for personnel, etc. Every day our local paper is filled with numerous crimes. It wouldn't take long for the proposed budget of \$1,000,000 to be depleted paying victims "cost of medical expense and loss of earnings, not more than \$100 a week or \$15,000 per crime."

I realize this proposed bill has much political appeal and many will go along for it without stopping to think where will the money come from to pay for this. Nothing in life is free except God's gift of Heaven! Everything else, and this program included, comes with a price tag attached.

Wouldn't it be more advantageous to implement stricter laws dealing with the criminal as a way of stopping the crime rather than compensating the victim? I would rather feel safe in my home or walking down the street than being awarded a

## A Milestone In Negativism

WASHINGTON — The Nation, established in 1883, is one of the oldest magazines in America, and no doubt the world. Its circulation is approximately 30,000. Its editor is Blair Clark.

Dear Editor:  
As I put down another of your issues I am reminded of one of the most powerful publishing empires in our history. Like you, he played many of his cards face up. On questions of philosophy, he once said with neither modesty nor tact: "I am a Protestant, a Republican and a free enterpriser, which means I am biased in favor of God, Eisenhower and the stockholders of Time, Incorporated." If anyone objected, he went on, "then why the hell are they still buying the magazine?"

I am not quite sure why your issue has reminded me of Luce, except that I appreciate dedication whatever the cause. For Luce it was the accumulation of influence. For you it may be, as The New Republic said on your centennial, the quest for unpopularity. Yours is the more interesting search — and the more outrageous. I presume you believe, as did Tagore, that it is better to make people angry than ashamed, and I agree. I guess, well, actually I'm not sure. What do I get for my \$17.50? Sinus trouble and high blood pressure.

I'm told The Nation has always done this to subscribers. Twain, was it not, said in the last century that your literary reviews were "the weekly Day of Judgment." And one can not imagine any president since Grant — whom, my God, The Nation supported — allowing the postman to bring copies direct to the front door.

Still you are addictive for a few of us. What columnist can ignore a periodical that pinched pennies with the likes of Lowell,

Longfellow and Whittier? And though your luminaries of the present are of dimmer light (I refer to Michael Harrington) it remains true that if educated comment is going out of style you choose to disregard that trend. Praise be. This in mind, I forgive you even if the ink on your pages is so heavy it dries on my shirtfront.

I believe you passed this extraordinary milestone with your handling of Clarence Kelley's public apology for past FBI abuses. Here you were faced with a delicate moment, that of asking a man who was begging forgiveness. But when you said his was not "the most elegant of apologies" you became the first periodical to close its press to forgiveness and thereby wrote off all the activities of man.

I salute you, I suppose. Totally is something of an accomplishment in an expanding society, even when it's insolent. And, too, I understand something of your predilections. I, too, ride the misery circuit of print commentary. I believe it is not the duty of this wretched industry to promote but expose, particularly as regards governments and politics. Besides, as the British publisher George Allardice Riddle told us, all journalists are alarmists, this is their way of making themselves interesting. This is not then a brief for Clarence Kelley, or anything else you've blown over.

But I confess to some pause regarding your accomplishment. I have believed for some time that many leaders are wrong, many institutions corrupt, many corporations insufferable — but all of them? Which brings me at last to my second motive for writing. It occurs to me after two decades of reading The Nation that although I know exactly what you are against I haven't yet the faintest notion what you are for. — Cheers (the worst is yet to come) T.T.

## Seniority Rights Vs. Equal Rights

WASHINGTON — In this period of economic uncertainty, the greatest threat to the progress toward equal employment made by blacks and women has become the inflexible seniority system under which the last to be hired is automatically the first to be fired.

The seniority system, beloved of the unions, has resulted in disproportionate hardship for female and black male workers in industries and professions where recessionary and inflationary pressures have produced extensive layoffs. This situation has prompted a number of law suits, several of which are finally reaching the Supreme Court.

In a significant ruling last week, the high bench indicated that the use of seniority as the sole criteria for determining job benefits may be an illegal extension of original illegal discrimination, even though the system may appear neutral on its face.

The Supreme Court seldom comes right out and makes a sweeping declaration of social policy that is easy for everyone not versed in the oblique ways of the law to understand. Typically, its new ruling did not make it absolutely clear that seniority systems which perpetuate discrimination that occurred after the 1964 Civil Rights Act are illegal. But it suggested gingerly that, based on the facts of each case, such a system might be.

The court vacated a lower court's ruling that a "bonafide" seniority system was immune from the Civil Rights Act in a case brought by the Equal Employment Opportunities Commission against Jersey Central Power and Light Co. The case was sent back to the lower court for further consideration in light of another Supreme Court ruling earlier this year in a hiring rather than a layoff case: That earlier decision, Franks v. Bowman,

held that a black illegally denied employment should be given credit toward seniority retroactively from the time he was discriminated against rather than counting his time only from the moment he was actually hired.

The high court indicated that it did not favor modification of seniority systems which had an unfair impact on minorities due to discriminatory hiring practices before the 1964 act made such practices illegal. It declined to review several cases upholding such seniority plans.

But the court agreed to review two more cases next year involving seniority plans that carry forward the effects of unlawful post-act discrimination.

The seniority problem has been a sensitive one for the court, because while males with a long time on the job have felt unjustly threatened by those with less service and have argued that as individuals they were not responsible for the original discrimination and therefore should not be the ones to suffer for it. Seniority as a means of establishing rights and priorities among workers is the traditional key to individual economic security, and such provisions may be found in over 90 per cent of all collective bargaining agreements.

## Court Clears Way For Trial

LANSING, Mich. (AP) — The state appeals court has cleared the way for the trial of a man charged in the murder of four people including his father and stepmother.

The court ruled Tuesday that samples of hair, blood and fingerprints taken from Mark Marshall while he was held under temporary detention could properly be admitted as evidence in his trial in Detroit Recorder's Court.

## Capitalism A Must In Communist Nations

One of the problems the totalitarian state frequently has, and almost always is unable to eradicate, is what the rulers refer to as the black market.

It is not so much a black market in the western sense as it is an exercise of free market forces in a climate hostile to individual initiative.

Private enterprise exists in the Soviet Union, China, Vietnam and all the other communist states. This decidedly anti-Marxist undercurrent of trade and commerce is even tolerated in some communist states as a means of keeping the peasants happy.

It exists because state-operated industries and state-controlled labor are notoriously inefficient in producing the products and services the consumer demands. The farm commune worker who maintains his own small vegetable plot on the side served a valuable purpose the Marxist state cannot recognize publicly but also cannot afford to stop.

In the Soviet Union, and perhaps in the other communist states as well, an unofficial economy parallel to the state monopoly operates to supply consumer needs for a profit. The entrepreneurs who operate within the unofficial economy exist because they are successful. To the commissars in charge of commercial planning, that is the most galling point of all.

# Year-Round BH Recreation Due In Fall

A new era in recreation activities for residents of the Benton Harbor Area school district will be launched this year with completion of the \$2 million recreation center at the high school.

Starting in October, when construction of the center is scheduled to be completed, the recreation program will swing into full-scale operation 12 months a year, according to newly-appointed recreation director Larry Nielsen.

In the meantime, Nielsen

said, plans are being formulated for a summer sports and activities schedule based at various parks and schools and scheduled to start July 1.

"We'll work toward the best summer program possible on such short notice," said Nielsen, who began work last week as successor to Chris Davenport, who resigned as recreation director in February.

Nielsen was appointed by the Benton Harbor Area Parks and Recreation board, which at the same time appointed Milton

Wells III director of operations for the new recreation center.

Nielsen will receive a salary of \$14,500 a year and Wells a salary of \$13,500 a year.

Nielsen, 25, of 230 Collins avenue, Benton township, has been working as a substitute teacher of social sciences at Milton Junior high school in St. Joseph. He is a 1972 graduate of Michigan State University and is former director of the Berrien County Olympic and CanAm Games.

Wells, 26, of 127 Cross street,

Benton Harbor, has been working as assistant city engineer. He is a 1973 graduate of

Eastern Michigan University. Nielsen said plans are being prepared for a summer recrea-

tion program based at Edwards, Union, Broadway, Robbins and Franks parks and at Seelye, McCord, Sterne Brunson and Lafayette schools.

He said a free lunch program for participants 4-18 years of age will be conducted with some \$100,000 in funds from the State Department of Education and said a request for additional funds has been submitted to the county CETA office.

While directing the summer program, Nielsen will be

preparing a program to utilize the new community recreation center, which will include an Olympic-size swimming pool, ice hockey rink and other facilities that he hopes will be utilized "practically around the clock."

Wells will be in charge of supervision and maintenance of the new center and also will be involved in preparing reports and fund requests.

The entire program will be operated under direction of the

parks and recreation board, which is composed of two representatives of the city, two representatives of the school district and one representative of the county.

Present members include Chairman James Dudley and George Smith as city appointees and Phillip McDonald and Herbert Quade from the school district. McDonald is a member of the board of education and Quade is athletic director. The county appointment is pending.

## No Opposition For Five Seats On Berrien Board

By JIM DeLAND

Assistant City Editor

Only one of 11 Berrien county commissioners running for reelection this year will face opposition in the Aug. 3 primary and five of the incumbents will have no opposition on the ballot in either the primary or general elections.

The lone incumbent being challenged in the primary is Commissioner Victor Greer of Benton Harbor. Greer, seeking

his fifth term on the county board, will be matched against Morgan Hager Jr. for the Democratic nomination from District 4.

The winner will be virtually assured of election in November, since no Republican filed nominating petitions for the District 4 post before the 4 p.m. deadline yesterday.

Unopposed on the ballot in either the primary or general election in November will be

Commissioners R.J. Burkholz, Bill Joseph, Nancy Clark, Lad S. Stacey and Holland Oselka. Joseph is a Democrat, the others Republicans.

Districts and candidates who have filed nominating petitions for the county board of commissioners:

District 1 — Hager and Colonia townships, Coloma city and part of Benton township; R.J. Burkholz (R-incumbent), 94 Highman Park, Benton township will run unopposed in the primary. No Democrats filed.

Berrien county Republicans will be opposed for only one countywide office on the ballot for the November general election this year.

The lone Democrat to file nominating petitions for any county office before the 4 p.m. deadline Tuesday was Jesse W. Howard, who is unopposed for his party's nomination for sheriff.

Howard, 49, of 10201 Gordon drive, Union Pier, previously had announced that he would seek the Democratic nomination for the Fourth District congressional seat being vacated by Rep. Edward Hutchinson of St. Joseph.

But shortly before the filing deadline Tuesday he submitted petitions that will earn him a place on the ballot as a challenger to Republican incumbent Forrest (Nick) Jewell in the election for sheriff this fall.

Six other Republicans — all but one an incumbent — will be unopposed on the ballot in both the primary and general elections and are assured of election barring an unprecedented tide of write-in votes.

Howard, a perennial candidate for elected office, earlier this year filed suit in U.S. District Court against Jewell and other county officials charging the county with discrimination on grounds that he was not hired for jobs in the sheriff's department last year because he is black.

In Jewell he faces a potent vote-getter who is seeking his third four-year term and who piled up more votes than any other county candidate while running unopposed in the general election four years ago.

The single-race challenge is believed to mark a modern-era low for county Democrats, who four years ago were able to field candidates for only two of seven

Berrien posts elected on a countywide basis.

Jewell, 46, of 3480 Valley View drive, St. Joseph township, is one of six Republican incumbents seeking re-election. Others, unopposed in either the primary or general elections, include:

Prosecutor — John Smietanka, 34, 5180 Notre Dame road, Lincoln township. He is seeking his first full term after being appointed and later elected in 1974.

County clerk — Forrest H. Kesturke, 55, 473 South Ottawa road, Fairplain, seeking a fourth term.

Treasurer — William C. Heyn, 61, Jericho road, Lake township, seeking a third term.

Register of Deeds — Judith Litke Hecht, 33, 701 Shaker Farm road, Berrien Springs, seeking a third term.

Drain commissioner — Carl Gaudke, 40, Route 1, Sawyer,

seeking his first full term after being appointed to fill a vacancy earlier this year.

Also unopposed in both the Republican primary and general election for county surveyor is Maurice K. Ruslow, 43, 2165 Marion avenue, St. Joseph. Ruslow, the present deputy surveyor, seeks the position that will be vacated by retirement of incumbent, G. Lynn Wightman.

### In Collision

NEW YORK (AP) — There's been a quiet, serious fight of late over the "gag orders" of judges who, in trying to protect the rights of criminal defendants, try to restrict what the press can report in some cases.

To get an idea of what the flap is all about, you might take a look tonight at an NBC News special entitled, "Fair Trial-Free Press — Is the First Amendment Unconstitutional?"

## Whirlpool Talks With Japanese Firm Progress

John Platts, Whirlpool president and board chairman, said Tuesday negotiations have progressed with Sanyo Electric, Ltd., Osaka, Japan, toward Sanyo's acquisition of Whirlpool's interest in Warwick Electronics television business.

Platts reported progress was made when representatives of Sanyo recently visited Warwick's color television plant at Forrest City, Ark., and met with Warwick officials.

Whirlpool announced April 26 that it intended to get out of the unprofitable television business of Warwick under a proposed sale of Whirlpool's 57 per cent

stock interest in Warwick to Sanyo.

Platts reported Tuesday: "We are very pleased at the progress made in our current discussions looking toward consummation of the acquisition by Sanyo of Whirlpool's interest in Warwick Electronics television manufacturing operations."

Platts described Sanyo as a "world leader" in electronic products and said its television volume of more than 1 million color sets a year, coupled with Warwick's production, should spread fixed costs over a broader base and improve Warwick's ability to compete.

## BHHS Grads Being Honored Tonight

Commencement week at Benton Harbor high school gets underway tonight with the senior honors convocation at 7:30 in the performing arts center.

Some 85 scholarships and awards will be presented to seniors. The class of 413 members will be graduated Thursday at 7:30 p.m. at Flittrup field. In event of rain the ceremony will be held in the gymnasium where tickets will be needed for admission. The tickets have been distributed to the senior class.

The valedictory address will be by Judith Mendel and the salutatory by Daniel Ross.

Hammond at this stage apparently can't decide for whom he'll vote for to fill new Berrien Circuit judgeship so he put two candidate stickers on car he's driving. Auto is actually on loan from Roti Motors, Benton Harbor, while Hammond is getting his car repaired. Stickers are for Berrien Probate Judge Zoe Burkholz and Berrien Fifth District Judge Ronald Taylor. Also running is Benton Harbor Atty. Yvonne Hughes. (Staff photo)

The Benton township board of trustees last night decided to seek bids from private trash haulers to see if the township can save money by getting out of the trash hauling business.

Free trash pickups to homes would end if the service is contracted to a private firm, it was reported.

Currently, the township provides free trash pickups to homes, but charges fees to commercial establishments and factories based on the volume of trash. The township operates three trucks and a crew of six. The cost of the service is now budgeted at \$79,000, all from federal revenue sharing. Fees from commercial and industrial customers bring in about \$20,000 a year, it was reported.

Clerk Catheryn Sirk said if a private firm were used, the three trucks would be sold. Some of the six people would be transferred to other township jobs, while some may be used

by the private firm, she said.

The board also authorized its building committee to seek bids for architectural services for planning a new fire station to replace station number 1 at Territorial road and Burton avenue.

Earlier, the board discussed tentative plans to build a new fire station behind the township hall on Territorial road, east of the present station. Discussed also was a possible access road from the new station to the Twin Cities' Ross field airport.

The board said it hopes that if a fire protection agreement could be reached with the Twin Cities airport board, funds to help build the station might come from the Federal Aeronautics administration. A fire station site on airport property also has been discussed.

In other areas, the board set a public hearing June 15 on a recommendation by the

township planning commission that six blocks on the north side of Napier avenue, between Norwood and Pipestone road, be rezoned to accommodate professional office buildings.

Another public hearing was set for June 15 on a request by McDonald Dairy Co., 1340 East Empire avenue, to be designated an industrial development district. The firm is seeking a 50 per cent property tax reduction over the next 12 years under the State Rehabilitation and Industrial Development Districts Act.

It was reported that the tax break sought is in some \$200,000 in new equipment, including \$80,000 worth of equipment already purchased, but eligible for the break, up to one year after installation. The plant now has about 33 employees and would add six more, it was reported.

Trustee Ken Malkin said there were "exaggerations and misstatements of fact" in a letter to the editor from Joseph Mammuna, president of Twin Cities Motor Transit, who op-

posed Dial-A-Ride. The letter was published in The Herald-Palladium on May 18.

Malkin said Mammuna's letter said Dial-A-Ride is costing Benton township \$70,500, when actually, the township paid \$22,500 for the first fiscal year, and might pay less. Malkin said the township allocated \$45,000 for Dial-A-Ride, but the hiring of federally funded Comprehensive Employment Training Act employees and other budget cuts reduced the amount the township paid.

## Fire Loss Is \$425,000

Benton township Fire Chief Kenneth Kraiger told the township board of trustees last night that damages from a fire at the Tile Mart building, 2260 M-139 South, on April 17, are now set at \$425,000. Kraiger said the loss includes \$300,000 to the 30,000 square-foot building, and \$125,000 to contents. Destroyed was Michele's Fashions, a tenant in the building owned by Ted Smith. Damaged were Smith's store, the Tile Mart, and Twin City Embroidery. Also damaged was a small section rented to Berrien county for use by probation officers. Cause of the fire has not been reported.

## Strawberry Selection

Look for strawberries with full red color and bright luster. Firm flesh and the cap stem still attached.

Berries should be dry and clean.

Avoid berries with large uncolored areas or with large seedy areas (poor in flavor and texture), a dull shrunken appearance or softness (signs of overripeness or decay), or those with mold, which can spread rapidly from one berry to another.

## Sun Burns Through Clouds

The sun's burning rays reach through to sensitive skin even on the most cloudiest of days.

This is true during summer months, in the Southwest and in the resort islands. It pays to start the day by applying a sunscreen lotion and renewing it during the day's activities.

Brandy means any spirit distilled from wine. The brands of Cognac and Armagnac in France are famous throughout the world. Only spirit distilled in authorized areas has the right to bear the name of Cognac and Armagnac. Since brandies are blends of spirits in varying ages, every shipper has his house style. Among the best known firms in Cognac are Hennessy, Martell, Delamain, Saligence, Hine, Remy-Martin, Courvoisier and Bisquit. Armagnac does not have large and famous shippers like Cognac, and its business is almost entirely in the hands of small growers based on the towns of Auch, Condom, and Eauze.

At RITTER'S LIQUOR LOCKER, 3872 Red Arrow Hwy., 428-4821 you will find a complete selection of brandies, cordials, liquors and all the popular whiskeys. In addition we are very proud of the full array of domestic and imported wines we are able to offer our customers. Hours: Mon-Sat. 10 am-11 pm, Sun. noon-9 pm.

Registration is underway for the fall term of the pre-kindergarten classes at the YWCA in St. Joseph.

The classes will begin their 15th year in September. Four and five-year-olds may be registered for a three-day week, Monday, Wednesday and Friday, either from 9 to 11:30 a.m. or 1 to 3:30 p.m. and three-year-olds may be registered for a two-day week, Tuesday and Thursday from 9 to 11:30 a.m.

Classes will continue from September through May as will the play school, drop in sessions, for toddlers. Registration can be made at the YWCA, 508 Pleasant street, St. Joseph.

The pre-kindergarten classes are licensed by the Michigan Department of Social Services and the program is designed to build a positive attitude towards school and to focus on the individual needs of each child, according to Mrs. Russell (Shirley) Davis, director. She

also says children of all backgrounds are welcome to enroll.

According to Mrs. Davis, the program tries to meet the needs of the parent as well as the over-changing needs of the child. While parental interest in the program is desirable, no action classroom participation is required. Mothers must be members of the YWCA to enroll their children.

YWCA pool under the supervision of trained instructors.

According to Mrs. Davis, emphasis is placed on what the child can do rather than what the child can not do.

Classroom activities include building with a hammer, planting flowers, keeping pet bunnies, stories, baking pizza and having juice and crackers for snacks.

Mrs. Gury (Lois) Irwin is the assistant director and Mrs. Jerry (Jan) Reinmann is chairman of the YWCA nursery committee.

## SALUTE ARRIVAL OF STRAWBERRIES

## The Fruit For All Occasions

While our American appetite for sweet cakes is as hearty as it was two centuries ago, the cake ingredients and methods of baking them have changed greatly since 1776. Everything, that is, except the rich aroma of sweet spices.

Cakes baked in Mariha Washington's day would have little in common with our modern cakes. No cake flour, no baking powder, no granulated sugar, no layer cake pans. No ground spices. These precious aromatics were always bought in their whole forms and bruised, cracked or ground at home.

Spices retain their flavor much better when they are whole and transportation in the late 18th century was so poor that if the spices had been factory-ground, they would have lost their value before they

reached the householder. Rosewater was much used with spices, especially nutmeg; vanilla was not as yet available in this country, although it was all the rage in France and England.

The '76 Spice Cake recipe which follows is a modernization of the Colonial Beefsteak Cake, called that because it was a great favorite at the Beefsteak club of 18th century Philadelphia. The spicing of the delicious '76 Spice Cake is comparable to that of its early ancestor, although otherwise it is an easily-made "from scratch" cake which is an ideal dessert for this year's patriotic holidays.

**'76 SPICE CAKE**  
Three cups all-purpose flour (unsifted)  
One tablespoon baking

powder  
One teaspoon ground cinnamon  
One-half teaspoon ground allspice  
One-fourth teaspoon ground cloves  
One-fourth teaspoon salt  
One cup butter or margarine, softened  
Two cups sugar  
Four eggs  
Three tablespoons unsifted molasses  
One teaspoon pure vanilla extract  
One cup milk  
Three-fourths cup apricot preserves, at room temperature  
Creamy Cinnamon Frosting (see below)  
Sliced strawberries and blueberries  
In a medium bowl, combine flour, baking powder, cinnamon, allspice, cloves and salt;

set aside.  
In the large bowl of an electric mixer, cream butter and sugar until light and fluffy, about five minutes. Add eggs, one at a time, beating well after each addition. Beat in molasses and vanilla extract.

With electric mixer set at low speed, alternately stir in flour mixture and milk, beginning and ending with flour; mix just until blended.

Pour batter into a greased and floured thirteen by nine by two-inch cake pan; spread smooth. Bake in a preheated moderate oven (350 degrees) until a cake tester inserted in the center comes out clean, about 45 minutes. Cool in pan on a wire rack for 10 minutes. Remove cake from pan; cool completely. Cut cake in half lengthwise. Spread apricot preserves over one layer. Sandwich cake together; frost with Creamy Cinnamon Frosting. Decorate cake with sliced strawberries and whole blueberries to suggest a Bicentennial flag.

## CREAMY CINNAMON FROSTING

One-fourth all-purpose flour  
One and one-fourth cups milk  
One cup butter or margarine, softened  
Three-fourths cup sugar  
One-half teaspoon ground cinnamon

In a small saucepan, mix flour with milk; cook and stir over moderate heat until mixture boils and thickens. Remove from heat and cool.

In the small bowl of an electric mixer, cream butter, sugar and cinnamon until light and fluffy, about five minutes. Add cooled flour mixture about one-fourth cup at a time, beating well after each addition. Beat until mixture is light and fluffy. Use to frost the top and sides of the '76 Spice Cake.

What's red and green and plump all over and available in markets now in abundant supplies?

Fresh, juicy strawberries, of course, soon to be at their peak and deliciously irresistible.

Now is the perfect time to stock up on strawberries so you can enjoy an endless array of strawberry delights. It's an especially good time, too, for jam and jelly makers to take advantage of peak season prices.

For an informal buffet or afternoon tea, Fresh Strawberry Fritters are perfect. Each plump red strawberry is dipped in a rich batter, fried to a golden brown. The batter crisps up flaky and light to surround the sweet and juicy strawberry. A dusting of powdered sugar on each fritter adds just the right amount of sweetness to these tempting tidbits. Serve these tiny Strawberry Fritters with dollops of whipped cream for dipping.

## FRESH STRAWBERRY FRITTERS

Two plump fresh strawberries  
One cup complete buttermilk pancake mix  
Two-thirds cup water  
Powdered sugar  
Whipped cream (optional)  
Wash whole strawberries and pat dry with paper towels. (Remove stem or leave intact.)

'76 SPICE CAKE

berries. Cook and stir until thick (about two minutes). Add lemon juice. Cool to room temperature; fold in remaining sliced berries.

Cut cake in twelve slices. Arrange slices back in reserved foil pan, one at a time, holding pan on a slant, spooning glaze between them. Spread remaining glaze on top. Recover with cardboard lid; chill four hours, or overnight.

To serve: cut away cake pan and transfer cake to serving platter. Pipe whipped cream around base and top of cake. Garnish with whole berries. Cut diagonal slices. Serve at once. Makes six to eight servings.

Strawberries make the most memorable fineries to family and company dinners, too. Strawberry Sabayon is just one

example of how strawberries can bring elegance and irresistible flavor to the table.

The classic Sabayon is a famous egg custard and wine dessert of Italian origin. This version combines a lightly sherry-flavored custard with whipped cream and fresh strawberries. It's delectable served with your favorite lemon-filled jelly roll, angel or chiffon cake.

## STRAWBERRY SABAYON

Two egg yolks  
Two tablespoons sugar  
Two tablespoons cream sherry  
One cup whipping cream  
One-half cup powdered sugar  
One pint fresh strawberries

Purchased lemon jelly roll or angel food cake

In top of double boiler, combine yolks, sugar and sherry. Place over hot water. Beat with portable electric mixer until soft peaks form (about five minutes).

Immediately, place top of double boiler in bowl of ice water; beat until cool. Let stand over ice water 30 minutes more. Meanwhile, beat cream with powdered sugar until stiff. Purge half the berries. Slice remaining berries. Fold whipped cream into egg-sherry mixture. Then fold in purged and sliced berries. Chill until set. (Mixture will be soft.) Serve with favorite cake. Makes eight servings.

## Toast The Graduates

GRADUATION PARTY PUNCH

It's that time of year! As the school year draws to a close, many families are making plans for a super-special graduation party — to honor a student with fond relatives and neighbors, or to let a group from the class of '76.

Graduation Party Punch is ideal for a crowd — the colorful recipe will serve 30 or more. If all the ingredients are well-chilled, the punch can be quickly mixed when you return home from the ceremonies.

Diploma Sandwiches are made by rolling a cool and delicious chicken filling, in thinly sliced white bread. The sandwiches can be made in the morning and refrigerated until serving time arrives.

With easy-to-prepare recipes like these, you'll find it simple to create a memorable evening for the young adult who has "finally made it."

## GRADUATION PARTY PUNCH

Three cans (46-ounces each) red fruit punch, chilled  
Four and one-half cups orange juice  
Three cups unsweetened grapefruit juice

One cup lemon juice  
One and one-half quarts ginger ale, chilled  
Ice cubes  
Lemon slices for garnish (optional)  
Strawberries, sliced, for garnish (optional)

In large container, combine punch and juices; chill in refrigerator. At serving time, pour punch into a large punch bowl. Slowly stir in ginger ale. Add ice cubes. Garnish with lemon slices and strawberry slices, if desired. Makes about eight quarts or enough for 42 six-ounce servings.

**NOTE:** For a large party, make an extra batch of punch. Add ginger ale, ice and garnishes at serving time.

## DIPLOMA SANDWICHES

Forty-two thin slices white bread  
Three-fourths cup mayonnaise  
One tablespoon lemon juice  
One tablespoon finely chopped

chives  
One and one-half teaspoons salt  
Dash of pepper  
Three cups finely diced cooked chicken  
One cup finely diced celery  
Colored ribbons for tying  
Trim crusts from bread. To make bread easy to roll up, place slices in a single layer between damp tea towels for at least 15 minutes.

Meanwhile, in medium bowl, combine mayonnaise, lemon juice, chives, salt and pepper. Add chicken and celery, mixing well. Spread each slice of bread with one tablespoon chicken filling. Roll up sandwich and place seam-side down on a tray; cover with damp towel. Repeat until all sandwiches are made. Refrigerate until serving time.

About one-half hour before serving, wrap a colorful ribbon around some of the sandwiches to complete the "diploma decoration." Makes 42 sandwiches.

## 'Your Problems' By Ann Landers

# Suicide? Put It Off A Day

Dear Ann Landers: My heart has been heavy since yesterday when I heard that the lovely 21-year-old daughter of a friend committed suicide.

I recalled vividly the night before my own 21st birthday when I sat with a bottle of poison in front of me as I wrote a farewell note to my parents.

When I finished the note I was dissatisfied with the wording and decided to wait another day and write a better one. The following morning I decided I couldn't be a quitter, even though I was involved in a sorority affair with a married man, failing in college, and didn't think life was worth living.

Next week I have another birthday coming up — my 60th. When I think of what I would have missed these last 45 years, I shudder.

I gave up my love affair, finished school and became a successful teacher. I married a

fine man and we raised four lovely daughters. My advice to anyone contemplating suicide is this: Don't be in a hurry. Suicide is so final. Wait just one more day and things may look different. If you don't wait, you'll never know. — Glad I Did

Dear Glad: So am I. When YOU were 21 they didn't have suicide prevention centers, Crisis Intervention, or any of the other wonderful organizations that stand ready to help. In Chicago, the number to call is 794-3009.

### Bad Food

Dear Ann Landers: What is the correct thing to do when you are a guest in a home and the food is just terrible?

The main course didn't smell right and I was unable to eat much of it. The vegetables were boiled to death — mushy and tasteless — the potatoes, burned.

I hoped the dessert would be edible, but it wasn't. Another guest and myself discussed this on the way home when we stopped for a snack. Neither of us knew of a solution. Do you? —

### Didn't Want To Be Rude

Dear Didn't: Never eat food ANYPLACE if it doesn't smell right. Especially fish. God put your nose directly above your mouth for a reason.

When you encounter inedible food at a dinner party, rearrange it on your plate and disguise the problem as best you can.

### 'Blabbermouth'

Dear Ann Landers: That letter signed "Blabbermouth" shook loose some memories.

When I was young I thought it was smart to "tell secrets." I even named the people who had confided in me. In later years, I stopped revealing names but I still blabbed a lot.

As time went on, I studied my friends who were popular and soon figured out that they were the ones who kept their mouths shut.

I began working on my house tip and discovered the less I blabbed the better I liked myself. I noticed that others liked me better, too.

ANN LANDERS

I also discovered the same about people who are extremely critical (which I was). Nobody

likes to be picked to pieces.

"Teller Of Secrets" was only 12, according to her letter. If she starts now, by the time she's 15 she will have conquered two of life's greatest handicaps — blabbing and being critical. Sign me — The Voice Of Experience

Dear Voice: Your letter is a short course on how to promote good human relations. Thank you for writing.

How much do you know about pot, L.S.D., cocaine, speed, meth, uppers and downers, glue and heroin? Are all these drugs dangerous? Get Ann Landers's new booklet, "Straight Dope on Drugs." For each booklet ordered, send a dollar bill plus a long, self-addressed envelope (24 cents postage) to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

## For All Seasons

I wanted to switch the wardrobe in my husband's closet from winter to summer last week, but he was wearing it.

To look in his closet you'd think he had a change for all seasons. But as the kids said one day, "You are now landing in Daddy's closet. Please turn your watches back 20 years."

As I picked my way through the rack of clothes I had to admit it was like a Bionicle saluted to the history of men's clothes. He had a necktie that dated back to the Hoover administration.

There was one suit that had

come in style, gone out again, and was coming in again.

Then I did a thing I had not done in our entire married life. I cleaned out his closet.

Out went the flans Brinker pants that remained standing when he sat down.

Out went the gold coat sweater that he held together by hooking a moth hole over the button.

Out went the ankle-length winter coat that made him look like a rabbit out of "Fiddler on the Roof."

Out went the belt that fit him when he and his waist were both 28.

Out went the X-rated bathing suit that used to be a PG.

Out went the sports coat with the Ruptured Duck Discharge pin still on the lapel.

Out went the loafers with the original penicillin on them.

Out went the sweatshirt that read, "KILROY WAS HERE!"

Out went the seersucker

bathrobe with a copy of Boy's Life in the pocket.

Out went the wading boots with the hole in the toe.

Out went the undergraduate warm-up jacket that no longer fit over the postgraduate stomach.

I knew he had discovered my "surprise" when he ruged into the kitchen shouting, "What happened to all my clothes? There's nothing in my closet except two shirts, a yard table, and a carton of cancelled checks. What did you do with them?"

"They are in a big truck on their way to the Salvation Army."

"Well that's just great. I don't go on your side of the closet and clean house. From here on in — STAY OUT OF MY CLOTHES!"

Such a big deal over nothing. Today, the truck brought his clothes back. I figured they would.

South thought about some sort of slam try after his partner's three-spade bid, but settled for a conservative bid of game.

When dummy hit the table he saw that a small slam was likely and that a 2-2 heart break would let him make seven. He said, "I didn't bid enough."

Then he reached over to dummy and played the king of hearts. East ruffed and led the jack of diamonds. South was mighty glad he hadn't bid six and noted that four was in grave danger. He roared thought a while, then played his queen. West won and led a second heart. When the smoke had

cleared away South was down to two in his four-spade contract.

We really feel sorry for South, but must point out that our old friend pessimistic Pete would have made the game. He would have ducked the first and second hearts. East could ruff the third but Pete would not have needed to try to diamond finesse and would have made the game.

## Dr. Lester Coleman

My husband refuses to give up smoking because he is afraid of gaining weight. Does this weight gain always follow the cessation of smoking? — Mrs. G.N. Tenn.

Dear Mrs. T.: The fear of gaining weight is just another of the many excuses that people use when they are not willing to stop smoking. It is true that tobacco in any form tends to depress the appetite. When smoking is stopped, there may be a tendency to eat more frequently than usual. This in-between meal nibbling may account for the sudden gain of weight.

Some doctors have attributed the weight gain to water retention and changes in metabolism when tobacco is given up. People who give up tobacco may gain a few pounds. This added weight can be reduced by dieting. The temporary gain of weight does not compensate for the permanent health values of giving up smoking.

Is there any diet that can cure ringing in the ears? I have been told that I have been eating too much sugar and fat and possibly this is the reason for my trouble. — Mr. M.E. Mich.

Dear Mr. B.: Ringing in the ears is technically known as tinnitus. Diet is always accused of being the culprit for innumerable diseases and disorders. Changes of diet, too, are considered by some to be the answer to all of man's ills.

This is not so. Ringing of the

# Well Fire Action Delayed

WATERS, Mich. (AP) — Famed oil well fire expert Paul (Red) Adair will have to wait at least until Thursday to get a close-up view at the inside of a natural gas well which has been burning for six days in the Au Sable State Forest near here.

Adair, who had hoped to make a preliminary inspection inside the wall of flame on Tuesday, said he was forced to postpone his plans.

He said weekend rains turned the site into a quagmire,

preventing workers from setting up heavy water-pumping equipment he needs to cool him while he views the inferno.

Vance Orr, president of Michigan Oil Co., which owns the Crawford County well, said Adair probably would go under the flame to try and find out where the gas is coming from.

He said Adair would be underneath the fire and not surrounded by it, but he would have to be sprayed with water to keep him cool.

Orr said an attempt to cap

the well would not be made until sometime next week at the earliest.

The well began burning last Thursday and has been burning out of control since then, consuming three million cubic feet of gas — worth \$5,000 — a day.

Troy Yoder, regional director for the Department of Natural Resources (DNR) said that after the preliminary check, Adair would need to take a second look later to see "just where it got away from them."

That second check cannot be

made until white-hot equipment around the well is removed, Yoder said. The equipment, including at least three diesel engines and parts of the well derrick, will first be sprayed with cooling water.

Water was not available until only Tuesday, and then it had to be pumped to the site from a lake nearly a mile away, Yoder reported.

He described the well as burning "like a blow torch pointing right up in the air."

# Channel Crossing Next For Sewer Line In SJ

Installation of the final section of a 20-inch connector pipeline from the Hickory Creek interceptor to the Twin Cities sewage disposal plant was scheduled to start this week.

The final section is where the line crosses the Morrison channel, 840 feet downstream from the railroad bridge at the southern end of the channel.

The force main pipe is to be buried five feet below the bottom of the channel, according to a permit issued by the Detroit district, Corps of Engineers. The permit was issued to the County of Berrien, which is supervising the project for the Lake Michigan Shoreline Water and Sewage Treatment authority.

Charles Barger of Barger Engineering, engineers for the authority, said all of the line is

in place from the Hickory Creek interceptor to the sewage plant except for the river crossing.

A lift station, that will

transfer the sewage from the interceptor to the connector line, is expected to arrive in September for installation. Once the lift station is installed, the connector line will be ready for use, according to Barger. Sewage from the interceptor presently is routed to the disposal plant on Industrial island via a St. Joseph city main.

Over the decade, however, public interest in nuclear power has increased dramatically. The nuclear initiative on the June 8 California primary ballot is one example of how citizens are exerting their influence on nuclear policies. Proposals to restrict the growth of nuclear power will be on the ballot in at least two other states, Colorado and Oregon, in November. Campaigns to put similar measures before the voters are underway in Arizona, Maine, Michigan, Missouri, Montana, North Dakota, Ohio, Oklahoma and Washington.

Various types of anti-nuclear legislation have been introduced in 31 states. Last year Vermont passed a law requiring the legislature to voice approval before permits for nuclear power plant construction can be issued.

Citizens in 15 states — Connecticut, California, Florida, Iowa, Maine, Massachusetts, Michigan, Minnesota, Missouri, New Jersey, New York, Pennsylvania, Vermont, Virginia and Wisconsin — have petitioned their state public utility commissions demanding public distribution of evacuation plans to be used in the event of a nuclear accident.

Oregon is the only state that currently requires public dissemination of evacuation plans. Consumer and environmental groups in 26 states have filed a petition with the Nuclear Regulatory Commission asking it to require annual evacuation drills in areas where nuclear plants are located.

Citizens in some states are bringing the nuclear issue into the courts. In Indiana, for example, groups opposing construction of a nuclear power plant in Porter county won a significant victory in April 1975 when a federal court ordered construction of the plant halted because the old Atomic Energy Commission had violated regulations by siting the plant too close to populated areas.

Citizen groups in Colorado, concerned about the release of radioactive effluents from the Rocky Flats nuclear facility, sued the Environmental Protection Agency to force it to regulate such discharges. The 10th Circuit Court of Appeals agreed and on Dec. 11, 1974, the court ordered EPA to regulate the discharges. The government is appealing the Indiana and Colorado decisions.

The outcome of the California initiative will not affect nuclear operations in other states directly. But pro-nuclear groups fear that passage of an anti-nuclear proposition there might prompt other states to adopt similar restrictions.

Business Week magazine has commented: "Passage of the California initiative could set off an anti-nuclear craze."

SAN FRANCISCO (AP) — As firefighters struggle to contain California's first major wildfire this year, conservationists are preparing for a summer they fear could end with more than a million acres burned.

About 12,000 acres of watershed went up in smoke at the Los Padres National Forest 250 miles south of here after a careless camper threw a cigarette into the drought-dry brush last Saturday.

# Ten Board Battles Due For Allegan

ALLEGAN — Allegan Republicans will settle primary races Aug. 3 in 10 of the 12 county board of commissioner districts.

In five of the districts, unopposed Democrats also filed nominating petitions prior to yesterday's 4 p.m. deadline, according to County Clerk Russell Sill.

All in all, a total of 35 candidates are seeking two-year terms in the 12 county board seats up for election this November. Thirty candidates are Republicans.

County voters of both parties will decide the fate of a proposed one-half property tax levy proposal which, if passed, would run for five years.

The proposal would raise about \$377,500 a year, all of which would be used to continue a bridge replacement program, according to Sill.

The proposal was placed on the ballot by the county board of commissioners at its May 11 meeting.

The county commissioner candidates, by district, are:

District 1, which includes the townships of Cusco, Lee and Cheshire, Republican incumbent Vernon Sill, of route 2, South Haven, faces Republican challenger Carlton Woodhams, Cheshire township.

District 2, which includes the townships of Clyde, Ganges and Marlin, and the city of Fennville, four Republicans face each other. They are Samuel D. Hoffman, of Glenn; Robert Drew, Clyde township; Catherine Meshkin, Fennville; and Frank Conklin. The incumbent Republican, Jerry Lohman, is not seeking re-election.

District 3, which includes the townships of Saugatuck and Laketon and the villages of Saugatuck and Douglas, incumbent Walter Bray Jr., Saugatuck, is facing challenger Phillip Guade, of Saugatuck township. Both are Republicans.

District 4, which includes Fillmore township and the southern portion of the city of Holland, incumbent John Vogelzang and challenger Melvin J. Scheerhorn, both of Holland, face each other in the Republican primary.

District 5, which includes the townships of Valley, Heath, Overisel and Salem, incumbent Democrat John Funk, of Salem township, will face in November the winner of a three-way Republican primary contest. The primary opponents are Ruth A. Mailby, Valley township; Herschel VanderKamp; and H. Kirke White Jr.

District 6, which includes the northern portion of Allegan township, the western half of the city of Allegan, and all of Monterey township, four Republicans are squaring off in a primary battle. They are incumbent Louis TerAvest, route 2, Allegan; Lloyd Miller, of Monterey township; C. Joseph Armstrong, Allegan; and Robert Clearwater, Allegan.

Clearwater, who also filed petitions for the office of registrar of deeds, had indicated he will withdraw from one of the races prior to the June 3 deadline.

District 7, which includes the townships of Trowbridge, Watson and the eastern half of the city of Allegan, four Republicans square off in the primary. They are incumbent James Rolfe, Allegan; Clifton Schelhas, Trowbridge township; Loretta May Cavanaugh, Watson township; and Thomas H. Locatis, route 1, Allegan.

District 8, which includes the townships of Hopkins and Wayland and the city of Wayland, Republican Leland Buck, of Hopkins, and Democrat Albert Siora, of Wayland, are both unopposed in the primary. The incumbent, Dennis Nickels, a Wayland Republican, is not seeking re-election.

District 9, which includes the townships of Leighton and Dorr, the Republican incumbent, Ralph Sysma, of Leighton township, is unopposed.

District 10, which includes all of Martin township, the northern half of Gunglain township and three-fourths of Otsego township, a three-way Republican race is on tap. Incumbent Anthony Wykstra, of Martin township, will face challengers Sharon H.R. Kantz and David S. Carlson, both of Otsego township.

**SHOW STOPPER:** Beile Sommers of Atlanta, Ga., shows enthusiasm as she competes in hula hoop division of "Senior Citizens Olympics" in Atlanta's Piedmont Park. Other events include ugly face-making contest and a balloon race. (AP Wirephoto)

The district's Democratic candidate is Egbert Holthof, of Martin township.

District 11, which includes the city of Otsego and the southwestern quarter of Otsego township, two Republicans and one Democrat are seeking the office of commissioner. The Republicans are Sue A. Cornell and Flora Moore, and the Democrat is Donald Rayman, all of Otsego. The district's incumbent, Ralph Senese, a Democrat, is not seeking re-election.

District 12, which includes the city of Plainwell and the southern half of Gunglain township, incumbent Republican Arthur Poppe faces challenger Katherine Edgerton in the primary. The winner will square off against Democrat Janet D. Benson in November. All are from Plainwell. Mrs. Edgerton is the wife of County Treasurer Frederick Edgerton.

## Porter

**LAWTON** — Porter township Republicans will have races to decide for township supervisor and clerk in the Aug. 3 primary election.

Filing nominating petitions by yesterday's 4 p.m. deadline were three Republican candidates for supervisor and two for the clerk's post.

No petitions were filed for the two constable posts that are available, according to township Clerk Carol A. Packer.

Republican candidates for supervisor are incumbent Marshall Mohney and Duane Packer (brother-in-law to the clerk), both of rural Lawton, and Richard L. Collier, route 1, Marechal.

Seeking the clerk's post are Mrs. Packer, the Republican incumbent, of Lawton, and Mrs. Kenneth (Margo) Anderson, also of Lawton.

Incumbent Republican Treasurer Harold J. Wilder of rural Lawton was the only person to file for the treasurer's post.

## Judge Rules

## Reverse Bias

**RICHMOND, Va. (AP)** — Virginia Commonwealth University's preferential hiring of women and the institution's employment quotas based on sex constitute reverse discrimination and are unconstitutional, a federal judge says.

U.S. Dist. Judge D. Dorth Warriner ruled Tuesday in a suit filed by Dr. James Albert Crommer, who contended he was passed over in 1974 for two permanent teaching jobs at VCU which were later given to women.

## He Can't Run For Sheriff

**SAGINAW, Mich. (AP)** — Saginaw Police Sgt. Matthew P. Damro will not be allowed to run for county sheriff, Saginaw Circuit Court Judge Eugene S. Huff ruled Tuesday. Damro's candidacy would violate the Saginaw city charter, which prohibits city employees from political activity, Huff said. Donald R. Callison, Damro's attorney, contended the charter provisions were unconstitutional and he had sought a preliminary injunction to halt enforcement of the provisions. But Huff refused to grant the order, saying he based his decision on a U.S. Supreme Court ruling which held such provisions to be in the public good.

## First Contract At NMU

**MARQUETTE, Mich. (AP)** — Northern Michigan University and the local branch of the American Association of University Professors have signed their first union contract, school officials said Tuesday. The NMU board of control approved the contract, ratified last month by faculty members, which calls for average salary and fringe benefit increases of 5.7 per cent in the first year and 3.3 per cent in the second year. The two-year pact is retroactive to July 1, 1975 and runs through June 30, 1977.

# CROWDED FIELD DEVELOPS IN CASS COMMISSIONER RACES

**CASSOPOLIS** — A total of 37 candidates filed nominating petitions for 11 two-year Cass county board of commissioners posts before yesterday's 4 p.m. deadline.

The crowded field for the August primary election includes a seven-candidate race for the Republican party nomination for Fourth district commissioner and a father and son team running for two different posts.

In all, six of the 11 districts have primary battles on tap. Two of them, including the Fourth, involve races for both

parties.

In the Fourth district, Robert Powers, incumbent Republican commissioner, did not file for re-election. That threw the race open for three Democratic party candidates in addition to the seven GOP hopefuls.

The district includes all of Marcellus and Volinia townships, part of Penn township and Marcellus and Vandala villages.

Republican candidates for the Fourth district post include Raymond Northrop, route 1, Hemlock Lake road, Marcellus, the brother of Sheriff James

Northrop; Harold Shannun, route 1, Marcellus; Mrs. Marjorie Kraft, route 3, Decatur road, Decatur, and Jack Wiseman, route 2, Marcellus. Other GOP candidates are Wilbur Broseman, route 2, Marcellus; Mark Porath, 400 South Center street, Marcellus, and Mrs. Carol Bainbridge, route 1, Hemlock Lake road, Marcellus.

The three Democratic candidates for the Fourth district seat are Edward Skalski, route 4, box 201, Cassopolis; Burke Webb, 238 Dibble street, Marcellus, and Robert Mortimore,

Jr., route 3, Decatur.

Mortimore's father, Robert Mortimore Sr., 429 West High street, Dowagiac, is also involved in a three-way Democratic race — for commissioner from the Second district. Like the Fourth, the incumbent, Republican Charles Sarabyn, did not file for re-election.

In addition to the elder Mortimore, the Democratic candidates are Amelia Jackson, 801 West High street, Dowagiac, and Stanley Rak, 103 North Lowe street, Dowagiac. A two-way race for the

Republican nomination for the Second district also takes shape with candidates Steven Stalonis, 307 Pleasant lane, Dowagiac, and Raymond Tutwiler, 509 Bauer street, Dowagiac, seeking the post.

The second district includes most of the city of Dowagiac. In other districts with races, incumbent Democrat Rexford Clark of the First district, did not file for re-election, setting the stage for a GOP battle there. GOP candidates seeking the post are Mrs. Genevieve Toothaker, route 5, Dowagiac, and William Maxey, route 7, Magician lake, Dowagiac. Andrew Cosner, Magician lake, route 6, Dowagiac, is the sole Democratic candidate for the post.

The First district includes Silver Creek township and part of Wayne township.

In the Third district, which includes a portion of Wayne township and part of the city of Dowagiac, Charles Ritter, incumbent Democrat, route 7, Dowagiac, faces a challenge from Francis O'Brien, route 3, Dowagiac. Dean Bussler, a former commissioner from the district, of 415 Louise avenue, Dowagiac, is the only Republican candidate.

In the Eighth district, Mrs. Blanche Trout, incumbent GOP commissioner, finds a challenge from Robert Hartrant, route 1, Box 397, Union. James Lupton Jr., Box 214, route 3, Three Rivers, is the only Democratic candidate for the post. The district includes Newberg and Porter townships.

The last contested race finds Republicans Gail Petersen, 2402 Reum road, Niles, and Ruth Rita Morrow, 2410 US-12 East, Niles, battling to see who will challenge Johnie Rodenhush, incumbent Democratic Ninth district commissioner, of 2528 Gilbert avenue, Niles, currently board chairman.

Candidates who will be unopposed in the primary election include Don Marlin, 2895 Detroit road, Niles, incumbent Democratic commissioner from the Fifth district. Republican Lee Dodd, of 1606 Dodd road, Niles, a former commissioner from the dis-

trict, is the only Republican candidate.

In the Sixth district, incumbent Kenneth Fox, a Republican, of 225 South O'Keefe street, Cassopolis, is unopposed, as is the Democrat from the district, Elbur Vincent Hawkins, of 321 Broadway street, Cassopolis.

In the Seventh district, incumbent Marjorie Federowski, a Democrat, of route 1, Vandalia, is unopposed. Republican Herman Saitz, route 5, Cassopolis, a former county

prosecutor, is the sole GOP candidate.

Incumbent Steve Toth, Tenth district commissioner, of route 2, Edwardsburg, is unopposed, as is Republican Carl Higley Sr., route 2, Edwardsburg, a former two-term commissioner from the district.

In the Eleventh district, incumbent Harold Harp, a Democrat, of route 1, Edwardsburg, is not opposed. In November, Harp will face Republican Donald Foust, of Eagle lake, Edwardsburg, the

only GOP candidate to file. The Ninth district includes parts of Howard and Milton townships; the Sixth, part of Pokagon township and the village of Cassopolis; the Seventh, all of Jefferson and Calvin townships and part of Penn townships; the Tenth, parts of Milton and Ontwa townships and the village of Edwardsburg; and the Eleventh, part of Ontwa township and all of Mason township.

## Voters To Settle Races In Four Northwestern Cass Townships

**DOWAGIAC** — Voters in each of Cass county's four northwestern townships will have some kind of political race to settle in the Aug. 3 primary election.

In LaGrange, there is a GOP race for supervisor, clerk and treasurer slots and a Democratic race for a constable's nomination.

Pokagon Democrats have a race for treasurer and clerk, while Republicans have a race for constable slots.

Wayne township has a GOP race for two constable nominations and Silver Creek has a Democratic primary for treasurer and constable slots.

Deadline for filing nominating petitions for the primary was 4 p.m. yesterday. Winners of the primary will square off in November.

Here is a summary of the races in the four townships:

### LaGrange

**LAGRANGE** — Republican primaries for the offices of LaGrange township supervisor, clerk, and treasurer, and a Democratic primary for constable face voters here Aug. 3, following yesterday's filing deadline for township offices.

Republicans Bernard J. Ralthe, route 5, Cassopolis, and Donald Emmuns, 415 South East street, Cassopolis, will face each other in the GOP supervisor's primary with the winner taking on Democrat James W. Lawson, 110 East Jefferson, Cassopolis; Reuland McCabe, current supervisor is not seeking re-election.

In the clerk's race, Republicans Frank Winebrenner, incumbent, 120 First street, Cassopolis, is being challenged by fellow Republican Michael D. True, 212 York street, Cassopolis, with the winner facing Democrat Michael J. Kelly, 130 North O'Keefe street, Cassopolis.

### Four From Each Party Eye Senate

**LANSING, Mich. (AP)** — Four Democrats and four Republicans will be on the Aug. 3 primary election ballot for the U.S. Senate seat being vacated by retiring Democrat Philip A. Hart.

With that many contestants in each party's primary battle, the two victors likely will win nomination with a plurality rather than a majority of votes.

The deadline for filing to get on the ballot was 4 p.m. Tuesday.

Democratic Congressman Donald Riegle of Flint was the last to file.

The other seven Senate hopefuls had filed their petitions by last week.

Riegle specifically named one of his Democratic rivals, Secretary of State Richard Austin, as a candidate who has not spoken publicly on many national and international issues.

Democrats who filed for the primary election in addition to Riegle and Austin were Congressman James O'Hara of Utica and James Blsman, a Birmingham attorney.

Republicans filing were Thomas Brennan, ex-State Supreme Court chief justice and dean of Cooley Law School in Lansing; Congressman Marvin Esch of Ann Arbor; former Congressman Robert Huber of Troy, and University of Michigan Regent Deane Baker.

### THEY GET A WEEK

**DETROIT (AP)** — A federal judge has given the Detroit Board of Education one week to come up with plans to carry out educational programs to accompany a school busing plan he ordered last year.

Mrs. Lucille King, incumbent GOP treasurer, 401 East Jefferson street, is being challenged by Mrs. Fannie Freudenberg, 210 North East street, Cassopolis, for the GOP nomination. The winner will face Democrat Mrs. Lucille Sliditz, route 1, Cassopolis, in the November general election.

Only people in file for the one, four-year trustee seat were incumbent Republican Norbert D. Pagels, route 1, Cassopolis, and Democrat Hugh S. Henderson, 418 South East street, Cassopolis.

Two Democrats and a Republican seek the one constable seat. The Democrats facing each other in the primary will be Jose Sanchez, 243 North O'Keefe street, Cassopolis, and Willie T. Booker, 509 South Broadway, Cassopolis. The winner will meet Republican incumbent Robert M. Comer, 302 South street, Cassopolis.

Incumbent Republicans seeking two, six-year library board seats are Ruth E. Edinger, 415 East York street, Cassopolis, and Lillian Watson, route 1, Cassopolis.

### Pokagon

**DOWAGIAC** — Pokagon township voters will decide party races for township clerk, treasurer and constables in the Aug. 3 primary election.

For township treasurer, Democratic incumbent Victor Wyant, route 1, Dowagiac, will face a challenge from Stella Dohm, route 1, Dowagiac. Mrs. Donna Belle Fox, route 4, Dowagiac, was the only Republican to file for the office.

In the race for two nominations for constable, Republican incumbent William Moore, route 4, Crystal Springs road, Dowagiac, faces a challenge from two other Republicans, Gary Allison, route 4, Dowagiac and Howard Arschene, route 1, Dowagiac. Two Democrats are also candidates. They are incumbent Frank Polizzi, route 4, Dowagiac, and John True, 3149, M-51 North, Niles.

### Silver Creek

**DOWAGIAC** — A Democratic race for Silver Creek township treasurer and a seven-way Democratic race for four township constable slots will be on the township's Aug. 3 primary election ballot.

Anthony has no formal primary opposition.

Deadline for candidates to file nominating petitions was 4 p.m. yesterday.

Incumbent Democratic Supervisor John M. Jerue is not seeking re-election as supervisor, but is one of the constable candidates.

Incumbent Democratic Clerk H. Jean Casey also is not seeking re-election.

Democratic nominees for constable are incumbents Roy Don Robdy, route 7, and P. Pete Melius, route 5, both of Dowagiac; and Democratic challengers Arthur P. Bandurske, route 4, Edward Case,

two-year Wayne township constable positions.

Baker, both of route 3, Dowagiac, and Maurice Parks Jr., route 2, Dowagiac. The two GOP winners will face Democrats Larry Waldschmidt and Earl House, both of route 3, Dowagiac.

Other township filings included:

Supervisor — Evan W. Curtis, incumbent Republican, 113 Penn avenue, Dowagiac, and John Perigo, Democrat, route 2, Gage street, Dowagiac.

Clerk — Robert Mullen, incumbent Republican, route 2, Dowagiac, and James Hunter, Democrat, route 1, Cassopolis.

# New Sentence Frees Former Drug Convict

**BY DENNIS COGSWELL**  
**Paw Paw Bureau**  
PAW PAW — A former South Haven man whose conviction on a drug charge in 1973 was overturned by the state appeals court, was back in circuit court here for resentencing yesterday and left a free man.  
Grandville Merritweather, 33, was sentenced to 679 days in jail on a reduced charge of attempted delivery of LSD and given credit for the same number of days already spent in custody.  
He had pleaded no contest to the reduced charge on May 18.  
Originally, Merritweather had been charged with delivering both LSD and heroin in a South Haven arrest case. He was subsequently tried on the heroin charge and found guilty by a circuit court jury in April, 1973. A two to 20-year prison term was imposed.  
The appeals court overturned the conviction and sent the case back to Van Buren circuit for further action. The reduced charge resulted.  
The sentence on the reduced charge was imposed by Judge Meyer Warschawsky.  
Also sentenced yesterday were:  
Gary L. Nelson, 25, Grand Rapids, from one to two years in prison on a charge of unlawfully using a motor vehicle March 27 in South Haven.  
James P. Johnson, 31, Detroit, from 16 months to two years in prison on a charge of writing a no account check for \$56 last Oct. 1 in Antwerp township.

# Detective's In The Right Spot

A description of a car provided by a Benton Harbor police detective Tuesday led to the arrest of a man and the recovery of an allegedly stolen watch, city police reported.  
The \$110 watch was reported stolen about 1:45 p.m. from a counter at Automotive Electric, Inc., 288 Colfax avenue. Police said Det. L.L. Al Edwards, who happened to be there, telephoned police with the description of a car allegedly used in the getaway. Police reported a car was located about 2 p.m. in a service station several blocks away and a watch was found in the station's restroom. Booked at the Berrien county jail on a charge of larceny from a building was Basco Marion Easterling, 22, of 445 Morton avenue, Benton Harbor.  
The watch is owned by Tom Gettig, a mechanic at Auto Electric, police said.  
State police of the Benton Harbor post investigated the theft of more than \$1,500 in guns and other goods reported stolen Monday from a St. Joseph township home.  
Reported stolen from the Louis Abel residence, 3663 Arbor street, were four rifles, two shotguns, three telescopic sights, two revolvers, binoculars, three hunting knives, a watch, calculator, stereo set, camera and \$10 in cash. Troopers said a rear window was broken to gain entry to the home.  
Seven thefts were reported Tuesday to Benton Harbor police and Berrien sheriff's deputies including a van that was recovered early today by Benton township police.  
Jeremiah McCoy told Benton Harbor police his 1968 Chevrolet van was stolen from a service station where he had left it for repairs. The report was filed at about 3 p.m. Benton township police found the van parked on Benson, road. Other thefts reported to Benton Harbor police were:  
—A refrigerator, carpet, telephone, auto equipment and power tools, all valued at \$602, from a house at 1058 Pavone street owned by Bob Fishburn, 419 Pleasant street, Watervliet.

—Household items valued at \$171 from the residence of Reinhold Pieschke, 1033 McAllister avenue.  
—A watch, camera and telephone, all valued at about \$500, from the home of Louise Sloan, 388 Miller street.  
Two tires and a radiator, valued at \$120, were reported stolen from the yard of Eugene Ward, 2516 Pipestone road, Sodus township. Berrien sheriff's deputies said.  
Benton township police said a man was arrested Tuesday after an argument between two men resulted in a shot allegedly being fired.  
Patrolmen Kim Fowler and Steve Hansen reported they were summoned to the parking lot outside the Michigan Mart, 1033 Territorial road, when gunshots were reported shortly before 5 p.m.  
The officers said pistols were confiscated from two men identified as Ozell Anderson, 32, of 1125 McAllister avenue, and Fred Allen Haskins, 30, of 803 Broadway, both Benton Harbor. Police said Anderson was booked at the Berrien county jail on charges of assault with a deadly weapon and carrying a concealed weapon. Haskins was not arrested pending further investigation.

Benton Harbor police said two Fairplain girls reported they were struck with rocks by two boys who stole advertising flyers the girls were distributing Tuesday.  
The girls sustained minor bruises, but did not require medical treatment, police reported. They were identified as Rae Anne Ward and Linda Nightingale, both 9. Police reported the incident occurred about 9:15 p.m. near the intersection of Empire and Salem avenues.

# Democrats Ponder Next Step For Rep. Hays

**By JONATHAN WOLMAN**  
Associated Press Writer  
WASHINGTON (AP) — The House ethics committee will investigate the Wayne Hays payroll-sex scandal, but the first issue facing the panel is whether to proceed immediately or wait for further grand jury action.

With election-year politics in the background, some members of the House are asking that Hays step down as chairman of

two powerful committees, at least until the Justice Department probe has ended.

"He ought, at the least, at the very least, to step down while the investigation is pending," said Rep. Abner Mikva, D-Ill. "The worst thing in the present situation would be to do nothing."

As recently as Tuesday night, Hays said he had no plans to quit.

A source on the ethics panel,

which holds its first meeting on the Hays affair today, has confirmed that the committee will comply with Hays' request for a probe. Some members say the committee should await results of the federal investigation.

On Tuesday, a U.S. District Court judge prohibited attorneys for Hays and the Justice Department from giving "inside information" about the Hays case to reporters.

Hays said he approved of the

order because, "I was being looked to death."

The grand jury is hearing testimony concerning allegations by Elizabeth Ray that she was hired by Hays as a congressional staff worker to serve as his mistress. A source has said the Justice Department is seeking added evidence to evaluate her allegations.

"The (ethics) committee is not going to shove this thing under the rug," predicted one

knowledgeable source, "but I wouldn't be surprised to see some sort of agreement with the Justice Department."

The source said, "The Justice Department is deeper into this thing than most people think. It could be the committee will order a probe and then put it off for a week to see what Justice does."

Rep. Richard Bolling, D-Mo., said the committee should investigate "in coordination

with the Justice Department." but should avoid hampering the Justice Department inquiry.

Said Rep. James Quillen, R-Tenn., a member of the committee: "My people want to nail him to the wall if these charges are true. This has been more explosive in my district than Adam Clayton Powell. I'm for full speed ahead with the investigation."

Hays, who has denied that Miss Ray was paid to be his

mistress — but admitted a "personal relationship" with the 33-year-old blonde — predicted Tuesday that he will be vindicated of "everything but a bit of foolishness."

He said he has no present plans to quit as chairman of the House Administration Committee or the House Democratic Campaign Committee, a party post from which he dispenses contributions to House members seeking re-election.

## Stevens Joins Liberals

**By W. DALE NELSON**  
Associated Press Writer  
WASHINGTON (AP) — Justice John Paul Stevens sided with the liberal and moderate members of the Supreme Court in writing his first opinion for the court since his appointment by President Ford.

In the opinion written by Stevens, the court ruled 5 to 4 Tuesday that the Civil Service Commission cannot bar aliens from federal employment, although it has done so since 1953.

Stevens was in agreement with Justice William J. Brennan, Jr., and Thurgood Marshall, the court's most liberal members, and Potter Stewart and Lewis F. Powell, considered to be moderates.

Stevens said the commission has no authority, without authorization from Congress or the president, to "subject all resident aliens to different substantive rules than those applied to citizens."

Brennan and Marshall added a footnote emphasizing that they were not saying a ban on employment of aliens would be unconstitutional even if it had been ordered by the president or enacted by Congress. Stevens also reserved judgment on that question, although he said "overriding national interests" might justify such a ban.

The four members of the court considered to be most conservative — Chief Justice Warren E. Burger and Justices William H. Rehnquist, Byron R. White and Harry A. Blackmun — dissented.

In an opinion by Rehnquist, they said Congress has authority to restrict federal employment to citizens and can delegate the power to the Civil Service Commission.

Stevens also wrote a unanimous decision upholding a federal law requiring aliens to be in the country five years and be admitted for permanent residence in order to qualify for a supplemental Medicaid program financed by the government and the participants.

It was the first time since his appointment in December that Stevens had written any of the court's opinions.

The former federal appeals court judge from Chicago was named to the high court after Justice William O. Douglas, a liberal, retired because of ill health. At the time, it was assumed Stevens would take a conservative position, consolidating a movement to the right that began with the appointments of former President Richard M. Nixon.

Stevens had sided with the more liberal members on procedural issues in a number of earlier cases.

In another decision affecting federal workers, the court ruled unanimously that the employees are entitled to seek a full-scale trial in their efforts to prove charges of racial discrimination.

# Medicaid Grants In Jeopardy?

WASHINGTON (AP) — The General Accounting Office, flexing a rarely used muscle, says the federal government cannot pay states for certain Medicaid programs unless it makes sure the Medicaid patients are receiving proper care.

The GAO, the auditing arm of Congress, warned Health, Education and Welfare Secretary David Mathews and Treasury Secretary William E. Simon on Tuesday that they could be held personally responsible for any illegal payments made after July 1.

At stake are millions of dollars in Medicaid payments to the states for long-term hospitalization of poor patients.

Robert F. Keller, the GAO's deputy controller general, delivered the warning in letters to Mathews and Simon, with copies sent to the governors of all 50 states and other officials.

Mathews previously has acknowledged that HEW was not complying with a law that requires it to monitor closely the hospitals' treatment of Medicare patients.

But Mathews argued that the government has not yet told the states what is expected of them and in the absence of guidelines it would be unfair to cut off funds. Guidelines currently are

being drawn up.

Mathews' position has been criticized repeatedly by Rep. John E. Moss, D-Calif., chairman of a subcommittee of the House Interstate and Foreign Commerce Committee.

Moss and members of his oversight and intelligence subcommittee have argued HEW could not ignore the law's monitoring requirements. It was Moss' complaint to the GAO in April that brought about Tuesday's warning.

The law says state governments that do not have plans to monitor treatment of Medicaid

patients hospitalized for long periods can lose one-third of their federal Medicaid grants. The federal government is supposed to make periodic checks of the states' programs.

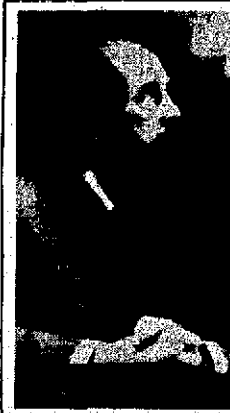

The GAO has the authority to stop federal expenditures it considers illegal, but it has rarely invoked the power. A GAO official said the last time was in 1974 when it cut off Secret Service protection for former Vice President Spiro T. Agnew.

The GAO's letter did not deal with any previous failures to comply with the law. Mathews has refused to levy penalties

once estimated at \$80 million against 10 states and the District of Columbia for violations in 1974.

Moss said in a statement, "This is the first time in recent years that GAO has found occasion to use this enforcement provision to compel an executive branch officer to comply with the law. It marks the end of Secretary Mathews' intransigence and the beginning of improving standards of health care for consumers."

Medicaid is costing the federal and state governments \$14.7 billion in fiscal 1976.

## Soviet Exile Chastizes Americans

STANFORD, Calif. (AP) — Nobel Laureate Alexander Solzhenitsyn says Americans are too concerned with about petty freedoms and materialism.

Solzhenitsyn, exiled from his homeland for criticizing Soviet policy, said Tuesday that his criticism of the United States was meant to be constructive.

The author, who has lived in the United States for more than a year, made the remarks Tuesday in accepting the American Friendship Award at Stanford University.

He chastized the press for "being too concerned with gossip," unions for "disrupting the lives of people," pacifists for "not defending what they believe" and teenagers for "wasting time."

THREE OF South Carolina's four signers of the Declaration of Independence, Arthur Middleton, Edward Rutledge, and Thomas Heyward, were imprisoned by the British during the Revolutionary War at the Castillo de San Marcos in St. Augustine, Fla. On July 4, 1781, by special permission, all three signers dined together to celebrate the anniversary. The World Almanac recalls the men singing "God Save The U States" to the tune "God Save The King."

## CUNY To Charge Tuition

By JEFF SOREK  
Associated Press Writer  
NEW YORK (AP) — The City University of New York, breaking a 129-year tradition, will start charging tuition for its 230,000 undergraduate students in September.

The decision announced Tuesday is expected to lead to reopening of the university, closed last week after money ran out. Administrators said the tuition will raise an estimated \$13.5 million a year.

Several educators and students predicted the estimated \$730-a-year tuition for undergraduates could prove an unbearable hardship for thousands of students who previously paid no tuition.

City University — called CUNY — is the nation's third largest university system, behind the University of California and the State University of New York. Graduate students already pay tuition and are not affected by Tuesday's decision.

"We had to face reality," said Harold Jacobs, who just last week was appointed chairman of the university's governing Board of Higher Education.

Jacobs said it is impossible to say exactly when the university will reopen. "Whenever the legislature acts," he said, referring to a proposed \$24 million aid package before the state legislature which would allow the university to pay its immediate bills.

CUNY's professional staff has not been paid since April because of a money shortage brought on, in part, by the city's financial crisis. Faculty members went without paychecks last Friday when the university could not meet its \$14.9 million payroll, and CUNY was ordered closed by Chancellor Robert Killeb.

Some of the university's 20 colleges were in final examinations when the closing came. Others had completed exams, but students had not been issued grades. CUNY officials said 30,000 to 40,000 seniors had been scheduled to graduate in ceremonies between today and June 15.

## Anti-Noise Law Is Adopted By Keeler Board

KEELER — The Keeler township board last night adopted an ordinance aimed at curbing noisy trucks, but it was not able to resolve another truck-related complaint from Sister Lakes residents.

The ordinance sets a maximum punishment of 30 days and \$100 fine for anyone convicted of disturbing the peace after 6 p.m.

## Arrest Suspect In Shooting

SOUTH HAVEN — Charles Langston, 26, of 417 Abel street, South Haven, was to be arraigned today in Seventh District court here on a charge of felonious assault in connection with a shooting incident yesterday.

City police said Langston was arrested after a gunshot was reported fired during an argument at the Abel street address. No injuries were reported. A rifle was confiscated, police said.

## Doctor Gets Back At Lawyer

CHICAGO (AP) — A physician who accused a woman and her lawyers of maliciously filing a malpractice suit against him has won an \$8,000 award from a jury for damages from the suit.

"A doctor has to answer for his actions, so why not lawyers?" said Dr. Leonard Berlin, who filed a countersuit after he was named in a \$50,000 malpractice suit last September. "Nobody denies that medical malpractice occurs. But that wasn't the issue here."

Circuit Court Judge David A. Canel said the verdict Tuesday "means that lawyers shouldn't be filing lawsuits unless they have enough evidence to substantiate the lawsuit."

A spokesman for the American Medical Association said the outcome of the case was "very unusual, perhaps unprecedented. It certainly could turn around malpractice suits in this country."

Richard Morris, an American Bar Association spokesman, agreed. "It's pretty unique. This case may make everybody look at it (filing malpractice suits) a little differently."

for an immediate Arab foreign ministers conference to discuss the crisis.

The PLO note said: "It has become evident that the Syrian initiative was not sufficient to restore peace in Lebanon and has lately escalated its involvement by sending armored troops that will lead to serious confrontation with Palestinian and national Lebanese forces."

In Algiers, PLO leader Yasser Arafat said in an interview with the Algerian government daily El Moudjahid that the United States is stirring up friction between the guerrilla movement and Syria in the hope of taking control of the entire Middle East region.

"We are confronted with a plot to insert the whole region into the American sphere of influence," Arafat said. He did not refer directly to the Syrian army's incursion into Lebanon.

In a speech to a ministerial meeting of the nonaligned countries here Tuesday Arafat referred to a "French-American-Zionist conspiracy" against the Palestinian movement in collusion with unnamed Arab governments.

Other forward units of the Syrian force that pushed into eastern Lebanon on Tuesday were reported to have stopped at the Dahar Al-Baidar pass 20 miles east of Beirut. Their advance was opposed by leftist Lebanese forces with tanks manning the hills along the Damascus-Beirut highway, but there was no word of fighting there.

## Convicts Could Be Made To Pay For Crime Costs Under New Bill

LANSING — People convicted of violent crimes could be required to reimburse the state for damages up to \$15,000, under a measure adopted by the house of representatives yesterday.

Introduced by Rep. Bela Keeney (R-Bangor), the measure amends a senate bill now under consideration which if passed would allow the state to pay compensation to victims of violent crimes.

Keeney's amendment, adopted by an 87 to 10 vote yesterday, would give a sentencing judge the authority to require the person convicted of the crime to reimburse the state general fund in an amount equal to that paid as compensation to the crime victim.

The senate bill calls for compensation of up to \$15,000 for victims of violent crimes.

The crime compensation bill, approved in the senate, is awaiting final house action.

Under Kennedy's amendment, the reimbursement may be required in addition to probation or a suspended sentence or may be imposed in lieu of any other sentencing.

"If a person ordered to reimburse the state fails to do so, the judge can impose an alternate sentence or order the completion of an unfinished sentence," Kennedy said.

He said he favors compensating crime victims, but he feels the money should come from those who committed the crime.

"One of the things that bothers me about this concept is the fact that no one has been able to tell me what it will cost the taxpayers," Kennedy said.

Under any amendment, the state would compensate the victim initially, and whatever we can recover from the criminal will reduce the cost of the program.

The crime compensation bill was introduced by Sen. Patrick McCollough (D-Detroit).

## Smashup Halts Dash By Convict

(Continued From Page One)

away from an unfenced, unguarded trustee dormitory at the reformatory. Prison officials said he was only three months away from parole.

No formal charges had been filed against him by this morning.

Closser entered the Ernest Allen home, across the river and less than one-half mile from the reformatory, about 2 p.m. Tuesday. Mrs. Allen said her husband was home alone and asleep at the time.

She said her husband was beaten by Closser. Allen was in satisfactory condition today at Ionia Memorial Hospital with fractured ribs and numerous cuts, bruises and abrasions, a hospital spokeswoman said.

Mrs. Allen said her husband was left on the floor until she and six of the Allen children, including Connie, arrived home. A seventh child was working and did not return home until after the incident. "He tied the rest of us up when we got there... We didn't try to push him," Mrs. Allen said.

She added that when she tried to discourage Closser from taking Connie hostage, he assured the mother Connie would not be hurt.

A neighbor spotted the bound family through a window and called police to rescue them after Connie and her capture drove away.

"It's just like a nightmare. You read about it and you don't believe it's going to happen to you," Mrs. Allen said today.

A police cruiser spotted the Allen car and chased it to Portland, where it became bogged down in a muddy field. As the officer left his car, Closser forced him at gunpoint to turn over his state police cruiser, troopers reported. The pair left again with more police cars joining the chase. It went west about 30 miles to near Grand Rapids before doubling back to a Portland service station, where Closser managed to obtain fuel.

## It's News TODAY

### California OKs N-Plant Law

SACRAMENTO, Calif. (AP) — Legislation creating the toughest safeguards in the nation for nuclear power plants is on the desk of California Gov. Edmund Brown Jr. He has vowed to sign it into law. The legislature sent the three-bill package to the governor on Tuesday, a week before Californians vote on a controversial — and even tougher — Nuclear Power Plants Initiative. Final passage came despite claims that the bills' supporters were using the much stricter initiative — Proposition 13 — as a lever to get them passed. The bills won't take effect if the initiative — which requires action by all plants, present and planned — passes. The legislation allows existing plants and those being built now to continue unfettered by new regulations.

### One More Meeting...

LANSING, Mich. (AP) — After a week of fevered bargaining, House leaders scheduled one more meeting for Oakland County lawmakers in hopes the chamber would vote today on a \$27.8 million aid bill for Detroit. Majority Floor Leader Joseph Furber, D-Oak Park, said he and other Oakland legislators from the House and Senate were to meet in his office this morning to discuss the bill's stumbling block: a \$750,000 appropriation for Pontiac Stadium. The House included the stadium subsidy in an amendment after a fierce fight last week that involved numerous attempts at compromise. The result was a subsidy which is \$30,000 less than previous annual allotments and includes a statement of the legislature's intent to phase out aid to the stadium. But the Senate, which originally passed the bill with no stadium money in it, refused to okay the subsidy and sent the measure back to the House.

### 'Lemon' Bill Struggling

LANSING, Mich. (AP) — A bill to protect car buyers from defective automobiles got some good news and some bad news in the state Senate Tuesday as the consumer-oriented measure struggled to stay alive.

The good news was the Senate agreed to reconsider an earlier vote which defeated the bill.

The bad news was that the 19-14 tally for reconsideration was one vote short of the 20 needed for passage. Thus, the bill's supporters, who had planned to seek a final vote on the embattled measure, backed off. The bill's floor manager, Sen. Anthony Derezinski, D-Muskegon, said he was waiting for just the right time to seek a vote. "It's close — at optimum we have 22 votes. It's got to be determined from moment to moment if we run with it," he said.

### Kazoo Teachers Sued

KALAMAZOO, Mich. (AP) — Kalamazoo School Superintendent Dr. William Coats has filed a \$50,000 suit over a handbill which he contends was distributed by a Kalamazoo teachers' organization as an attack on his reputation. In the lawsuit, filed Tuesday in Kalamazoo County Circuit Court, Coats alleges the handbill attacked his professional character and his individual and professional reputation. The handbill was published in connection with an upcoming school election and asked voters to "vote for a change." Defendants are the Kalamazoo Education Association, bargaining agent for the teachers; Robert Sikkenga, KEA executive director; KEA president Donald Frye; and the teachers' group's Public Affairs Council and its chairman, Donna Treimar.

### Honor Is His Topic

WEST POINT, N.Y. (AP) — The question of honor was unavoidable, and Army Secretary Martin R. Hoffman's graduation address was written to meet the subject head-on amid the widening cheating scandal that could be the worst in the U.S. Military Academy's history. An Army spokesman said Tuesday that the secretary would spend the evening polishing his speech on honor and might even work on it until delivery at 10 a.m. today before about 800 graduates, their parents, their friends and the rest of the cadet corps. Graduation came a day after the 174-year-old academy reported that the number of juniors who allegedly cheated on a graded, take-home computer problem had nearly doubled. Tuesday was also the day that a cadet asked a federal court to outlaw the honor code as unconstitutional.

### IMF To Sell Gold

WASHINGTON (AP) — The International Monetary Fund is selling 780,000 ounces of gold worth almost \$100 million at an auction that symbolizes gold's low status as a measure of national wealth. The auction today is the first of many such sales planned over the next four years. Proceeds will go to a special fund for low-interest loans to the world's poorest nations. An IMF spokesman said the minimum purchase was set at 2,000 ounces. The agency will decide on a single price from the bids it receives for the gold.

## Accused Slayer Is Denied Bail

SOUTH BEND — Gerald Libertowski, of South Bend, accused of slaying a woman, remains lodged in the St. Joseph county jail here after an Indiana judge denied a request for bail.

The decision of Superior Court Judge William Hostinski was released yesterday.

Libertowski, 34, has been charged with first degree murder in Indiana in connection with the disappearance of Janice Laings, of South Bend, missing since November, 1973.

He also faces an open murder charge in Berrien county in connection with the disappearance of Mrs. Janis Sanders, of Niles, who was last seen July 21, 1975.

Libertowski was arrested on the Indiana murder charge in April. No bodies have been found.

## Lawrence Medic Dies At Age 74

LAWRENCE — Dr. Frederick M. Boothby, 74, retired Lawrence physician and surgeon, died at his home on Lake Cora, east of here, Monday following a long illness. Dr. Boothby, for 39 years, until his retirement in August, 1970, was Lawrence's only physician.

In 1968, on the eve of his retirement, some 2,000 residents of the area paid tribute to "Dr. Fred" with a special program including a parade and reception in his honor.

Dr. Boothby was an advocate of the "family doctor" way of medicine and the search of small communities for physicians. "Unless there is a change in the medical schools, the small town doctor will disappear completely," he once said. He maintained the family doctor is needed as well as specialists.

Dr. Boothby was born March 13, 1902, in Kalamazoo. He was a graduate of Loma Linda university medical school, Arlington, Calif.

Dr. Boothby was an active member of the Lawrence Seventh-day Adventist church, serving as lay minister of the church. He was a member of the County Medical association and had been associated with Lake View Community and Watervliet Community hospitals while in practice.

Surviving are his widow, the former Mabel Noble; a son, Charles, Lawrence; three daughters, Mrs. Lucille Young, Ukiah, Calif.; Mrs. Helen Long, Redding, Calif.; and Mrs. Ellen Boyd, Redlands, Calif.; a sister, Mrs. Irene Mason, Palisades, Cal.; and three brothers, Robert, Berrien Springs, Lefroy, Paw Paw and Dr. Carl Boothby, Hartford. His first

wife, the former Gertrude Biddan, preceded him in death in 1959.

Funeral services will be held at 10:30 a.m. Thursday in Lawrence Seventh-day Adventist church. Burial will be in Hill cemetery, Lawrence.

Friends may call at the Hawley funeral home, Paw Paw.

Memorials may be made to the educational fund of Loma Linda medical school.

DR. FREDERICK BOOTHBY

## Resuscitation Class Scheduled Thursday

A program explaining techniques of cardiopulmonary resuscitation will be held at 7:30 p.m., Thursday, in the Forum of St. Joseph Memorial hospital.

The meeting, sponsored by Memorial hospital in cooperation with the Michigan Heart association, will teach symptoms of sudden stopping of the heart and train individuals on the procedure of closed heart massage and mouth to mouth breathing.

Jerrold L. Pauwwe, a fire fighter for 19 years and an instructor for the American Red Cross, Advanced First Aid Emergency Care and the Michigan Heart association, will be the speaker. He is currently involved in a fire prevention program for children through Grand Rapids area schools.

"She knows she is the fifth member of the commission," Williams told The Herald-Palladium. "If she wanted to or could attend the meetings, then I think she would attend."

Williams said he has not seen or heard from Mrs. Ford since two days before the May 18 recall election.

Meanwhile, Acting City Clerk T.J. (Jack) Carter reported seven people have taken out nominating petitions for Benton Harbor city commission seats vacated by the recent recall election.

They are James Dudley, Joel

Patterson, Donald Finley and Larry Johnson, for mayor; Norval Weiss and Donna Cooke, commissioner-at-large, and Nathaniel Robinson, Third Ward commissioner. Carter said no one has yet taken out petition for Second Ward commissioner.

No one has yet filed for any of the commission seats up for election Aug. 3, according to Carter. Deadline for filing for the seats is June 8.

# Area's Track Stars Rip Rotary Records

## Hull And Jager Triple Winners

By JOHN VANDEN HEED

Benton Harbor's Carmella Hull and Lakeshore's Tom Jager were triple winners as Rotary runners riddled the records Tuesday night at St. Joseph's Dickinson Stadium.

Hull and Jager won three events each as the top individuals in the 19th annual Twin City Rotary Meet before a crowd of about 1,800 — believed to be the largest ever for southwestern Michigan's all-time honor roll.

Hull set or tied three records — shot put (39' 7"), 100 dash (11.2) and 220 dash (24.8) — while repeating as meet champion in all three events.

"I'm really proud," commented Hull after her third victory of the meet. "But I always try to do my best in all the meets."

Jager broke his own record in the high hurdles with a 14.8 seconds clocking and also won the low hurdles (20.3) and the long jump (20' 6"). The high hurdles clocking puts him on southwestern Michigan's all-time honor roll.

"That's the best I've ever run," declared Jager. "I was looking forward to the competition I knew I was going to get from (Niles' Mike) Larrabee. I had what I would call a very quick start in the high hurdles...some people would call it a false start. And I felt him (Larrabee) sneaking up on me in the lows."

Other all-time efforts, which were also Rotary records, came from Berrien Springs' Arden Paustian in the 440 dash (49.8),

St. Joseph's Tim Dine in the two-mile run (8:28.4) and St. Joseph's mile relay team (3:22.2).

There were six double winners — St. Joseph's Henry Pollman in the 880 run and the mile relay, Coloma's Cindy Culver in the long jump and 440 dash and the Niles team of Ron Lewis, Otis Moffitt, Greg Dunger and Craig Briggs in the 440 and 880 relays. Culver tied the Rotary 440 mark (1:00.8) and the Niles foursome set a new 440 relay standard (44.2).

Paw Paw's Scott Walters, the area's best all-time pole vaulter, set the only other boys' Rotary record at 14 feet, 7 inches.

Other girls' Rotary records came from Lakeshore's Janet Root in the 880 run (2:35.2), River Valley's Sue Varga in the mile run (5:35.1), Buchanan's Sue Trull in the two-mile run (12:23.2) and the Berrien Springs mile relay team (4:10.4).

The boys and girls discuss efforts also stand as records because this is the first year for the event.

Tuesday's meet marked the third year girls have been included, but just the second year that a full schedule of girls events have been contested. This was also the third year that the top performers outside of Berrien county competed in what was once strictly a Berrien county meet.

Others repeating as champions Tuesday were Bridgman's Mike Schaller in the high jump; Pollman in the 880 run; Jager in the lows and highs; St. Joseph's Jean MacFarlane in the 110 low hurdles and Dine in the two-mile.

## Gain Spots In Softball District Saturday Lancers, Lakers Easy Winners

Brandywine and Edwardsburg will be out to defend the district girls softball crowns each won last season as play in the state journey continues this weekend.

The Bobcats won the Class B district last year and will play Dowagiac at 10:00 a.m. Saturday in the first game at Lakeshore. Lakeshore, which beat South Haven 18-2 Tuesday afternoon, will play River Valley in the second game at 12:30 p.m. and the winners will then play at 3:00 p.m. for the

title.

Edwardsburg topped Lake Michigan Catholic in the Class C district finals last season and both are back this year. The Lakers, who trounced Cassopolis Tuesday 16-3, will take on Eau Claire in the 10 a.m. opener at Berrien Springs. The Eddies, an 11-1 winner over Buchanan, face New Buffalo in the 12:30 p.m. game. The championship game will take place at 3:00 p.m.

In other pre-district games played Tuesday afternoon, Lay

Norris defeated Benton Harbor in five innings 12-1 at the Tigers' field in Class A while Galien cruised past Covert 21-1 at Covert and Gobles crushed Saugatuck 29-8 at home in Class D games.

The Class A district at Plangger's Field Saturday will feature Kalamazoo Central against Portage Northern in the 10:00 a.m. game and Loy Norris will take on Niles in the 12:30 game. The title clash will start around 2:30 p.m.

The Class D district at Mar-

cellus will be played on Friday. Marcellus will face Lawrence at 1:00 p.m. and Galien takes on Cllmax-Scotts at 3:00 p.m. The championship contest will start at 6:00 p.m.

The other Class D district is at Martin Saturday with Grand Rapids Covenant Christian playing Martin at 10:00 a.m. and Gobles squaring-off against Allendale in the 12:00 game. The title clash starts at 2:30 p.m.

Sue Spear helped the Lakers beat the Rangers in five in-

nings. Besides hurling the entire game, she knocked in five runs with three hits. Catholic's Sherry Johnson also carried a hot bat, going four-for-four with two RBIs. The Lakers are now 10-5.

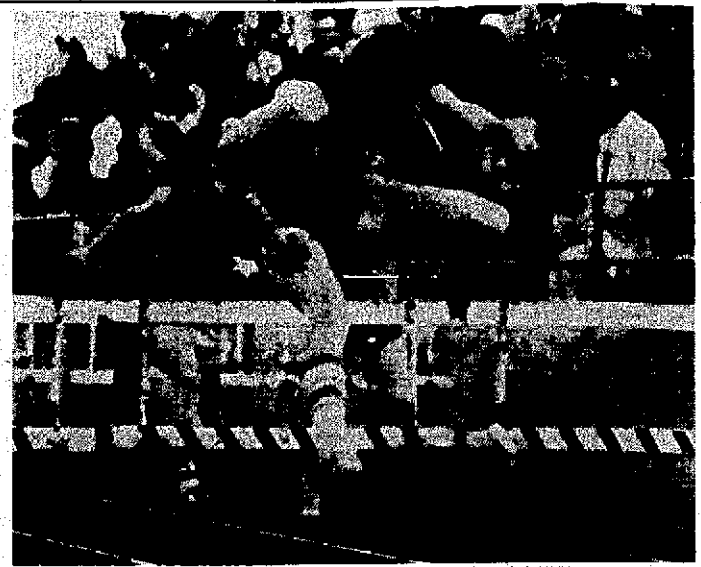

The Lancers had no trouble with South Haven as they raised their record to 18-1. Patty Hoge was the winning hurler and she also contributed a pair of doubles and knocked in three runs. Sybil Weisser had a double and four RBIs while Kathy Mensinger knocked in three runs with two singles and a triple.

Debbie Martin singled in Benton Harbor's only run in the third inning as the Tigers ended the season at 5-10. Barbara Willis had two hits for Benton Harbor.

The Eddies upped their record to 8-8 with a six-inning victory over the Bucks. Barb Barton led the way for Edwardsburg, knocking in two runs with a single and a triple. Sue Catto and Patty Reed each contributed two hits and Cindy Schuelke was the winning hurler.

Galien's Sue Heller pitched a one-hitter against Covert. Janet Wright went three-for-five and Linda Payne had a single and a double for the winners. The Gaels are now 5-6 overall.

Roxanne Blackman and Pam Westcott each had three hits as Gobles took care of Saugatuck. Penny Smith was the winning pitcher for the Tigers while Robin Schack took the loss.

## Lutheran Comeback Tips Lawton

Michigan Lutheran gained some sweet revenge Tuesday, and as a result, the Titans have moved into the Class D district softball semifinals.

Lutheran scored two runs in the last of the sixth inning to edge Lawton 14-12 in a wild-and-wooly affair at the Titan Field. Elmer Dobberstein's squad will now face the winner of this afternoon's Galien-Lawrence game at 10 a.m. Saturday at Lawrence.

In other pre-district games Tuesday, Martin nipped Mar-

cellus 2-1 and Gobles blasted Covert 11-3. Martin and Gobles collide at 12:30 p.m. Saturday with the championship game set for 3:30 p.m.

"It wasn't artistic, but we'll take it anyway," Dobberstein said of the win.

Lutheran, which lost twice to Lawton during the regular season, rallied from a 9-4 deficit to capture the victory. Each team scored seven runs in the third frame.

The Titans finally won the game in the sixth, Dan Rimpel

doubled to start the inning and Tom Hesse went in to run for him. Brian Horler, Brett Morris and Bob Guse then walked in force in the winning run. The second run scored on an infield out.

Brett Morris belted a triple, a double and two singles for Lutheran, now 11-5. Jeff Kurbis added two singles, as did Horler.

Kevin Burke slapped two triples, Brian Cronenwell had a triple and a single and Dean Weurding collected two singles for Lawton.

Ken VanderBerg pitched Martin past Marcellus. Al Kent took the loss for Marcellus, even though he fanned 11 batters.

Jerry Curry's homer in the first gave Martin a quick lead. After Marcellus tied the game with a run in the second, Martin won the game in the sixth on two errors.

Tim Launis won his fourth straight game with a two-hitter for Gobles. Launis struck out 10 and walked just three in evening his record at 4-4.

Gobles grabbed a 8-0 lead in the first three innings and was never headed. Doug Adams and Kendall Smith each collected a double and a single for the winners. Brian Clement singled and stole two bases. Clement has now swiped 33 bases this year in 34 attempts.

Gobles has won four of its last five to run its record to 10-13.

## St. Clair In Finals

GRAND JUNCTION, Colo. (AP) — Once-beaten St. Clair of Michigan and undefeated Central Arizona were pitted today in the finals of the National Junior College Baseball Tournament.

The two teams got into the final round with victories Tuesday. Central Arizona, the only undefeated team in the double elimination tourney, dropped Miami, Fla., 6-4 Tuesday night while St. Clair eliminated Ranger, Tex., in a 7-2 victory.

A sacrifice fly by St. Clair's Greg Chrzanowski in the third inning gave St. Clair the winning run and a berth in the championship. Chrzanowski's fly gave St. Clair a 3-1 lead that proved insurmountable for Ranger.

A victory by Central Arizona today would give the team the championship. A loss would force a second game between the two clubs on Thursday.

## Steelers Face Top Draftees

PITTSBURGH (AP) — The Pittsburgh Steelers, the National Football League defending Super Bowl champions, will oppose their top three draft picks, including first-round choice Benjie Cunningham, when they face the College All-Stars July 23 in Chicago.

Cunningham, a 6-foot-4, 250-pound tight end from

Clemson, was among the 54 players named Saturday to the All-Star squad, to be coached by Ara Parseghian.

Other Steelers draftees chosen were center Ray Pinyney, a 6-foot-4, 238-pounder from Washington; and quarterback Mike Kruczek, a 6-foot, 180-pounder from Boston College. Both were second-round draft picks.

# Tigers Like Brewer 'LP'

## Rangers Down Protesting Sox In 16th

From Associated Press  
It was like an LP record for Milwaukee relief ace Ed Rodriguez... only in this case LP stood for Losing Pitcher.

Rodriguez also picked up a WP... but that stood for the wild pitch he threw, capping a three-run Detroit rally in the ninth inning that enabled the Tigers to beat the Brewers 8-7 in the opener of Tuesday's

twilight doubleheader. Rodriguez then surrendered two runs in the ninth inning of the nightcap — the last on Ben Oglivie's two-out homer — as the Tigers completed a sweep by a 6-5 score.

The evening must have seemed like a nightmare to instant replay to the Brewers, who also saw Detroit rally twice Monday night with two runs in the ninth inning and two more in the 11th to post a 5-4 victory.

Detroit reliever John Miller was the beneficiary of the Tigers' late rallies, earning the win in both ends of the twin bill.

In other American League action, the Texas Rangers edged the Chicago White Sox 6-5 in 16 innings. The Kansas City Royals downed the Oakland A's 5-2 and the California Angels beat the Minnesota Twins 4-1. New York and Boston were rained out. Baltimore and Cleveland were not scheduled.

Lenny Randle's run-scoring double with two out in the 16th inning drove in Gene Cline,

who stole second after forcing Jim Sundberg, who had singled.

The White Sox played the game under protest on grounds the Rangers used an ineligible player in starting pitcher Bill Singer. Long before the game was over and shortly after Singer had been knocked out in the sixth inning, it was announced he had been traded to Minnesota. The White Sox contended Singer's contract already belonged to the Twins when he started the game.

Amos Otis broke a 1-1 tie in the third inning with his ninth home run of the season, giving him the American League lead. The A's runs came on homers by Don Baylor in the first inning and Sal Bando in the A's seventh as Doug Bird became Kansas City's top winner with

his sixth triumph.

The Royals got only six hits off Stan Bahnsen and three relievers but they stole five bases, two apiece by Hal McRae and Frank White. In the third inning, Fred Patek walked, stole second and scored on a single by Tom Runette. Otis followed with his two-run homer.

Nolan Ryan won his first game in exactly a month, scattering seven hits — including home runs by Larry Hise and Craig Kusick — while walking five and fanning seven. Ryan had dropped five decisions since his last victory May 1.

The Angels scored four times in the fourth inning off rookie Pete Redfern, an uprising highlighted by Andy Etchebarren's two-run single.

# Twins' Blyleven Sent To Texas

BLOOMINGTON, Minn. (AP) — Bert Blyleven, a young man with an ambitious future, is a man on the spot.

Blyleven was the key player in a six-man trade Tuesday night that sent the talented pitcher and infielder Danny Thompson to the Texas Rangers.

"I know everyone will be expecting a lot of me," said Blyleven, who was playing out his option at Minnesota. "My goal is to be consistent like I think I have been with the Twins the last six years."

Minnesota received infielders Roy Smalley and Mike Cabbage, veteran pitcher Bill Singer and minor league pitching prospect Jim Gideon in the trade.

The 25-year-old Blyleven will become the Rangers highest paid player, having agreed to a three-year contract calling for \$350,000 in salary and deferred payments.

"The last two years or so have really been tough," said Blyleven, who had a 99-90 record since joining Minnesota in June 1970 at the age of 19. He was 4-5 at the time of the trade.

Thompson, who also joined the Twins in 1970, was elated with the trade. The veteran infielder, who was also un-

signed, agreed to contract terms with the Rangers and will receive a salary of \$38,000 from Texas — about \$11,000 more than he was offered by the Twins.

Thompson has a lifetime average of .252 and was hitting .244 this season and enjoying the best year of his career at shortstop.

Mauch plans immediately to install Smalley at shortstop and Cabbage at third. Singer will join the starting rotation and Gideon is being reassigned from Sacramento to the Twins' AAA farm club at Tacoma in the Pacific Coast League.

# Candelaria Nips Mets

## Hot Phillies Clip Cubs; Streaks End In Rain

From Associated Press  
John Candelaria watched one fly over the outfield fence in the first inning and whistled: "Oh, well, here we go again."

Candelaria was still pitching in the ninth inning, much to his own surprise. By then he didn't mind giving up another home run to Joe Torre.

The double play in the fourth inning gave me a lift and I bore down after that," said the youthful Pittsburgh Pirate left-hander after a 3-2 victory over the New York Mets Tuesday night.

A less artistic victory would have pleased Candelaria. He hadn't won a game in nearly a month. But this one had extra luster to it, since Candelaria struck out 12 batters in the National League high for the season and allowed the Mets only six hits.

The victory was Candelaria's fourth in seven decisions; but only his first since May 7. The Pirates expected more out of him; this season after an impressive showing at the end of last year that included a strong, if losing, performance against the Cincinnati Reds in the National League playoffs.

Bob Robertson, with a two-run homer in the fourth inning, provided Candelaria with a 2-1 lead. The Pirates then scored their eventual winning run on a double by Bill Robinson and a single by Richie Zisk in the sixth inning. Jerry Koosman, 0-2, gave up all three Pittsburgh runs in working the first eight innings for the Mets.

In the other National League games, the Atlanta Braves outplayed the San Diego Padres 4-1; the Philadelphia Phillies stopped the Chicago Cubs 6-1 in a six-inning, rain-shortened game; the St. Louis Cardinals turned back the Montreal Expos 4-2; the Houston Astros nipped the Cincinnati Reds 2-1 and the San Francisco Giants blanked the Los Angeles Dodgers 6-0.

Earl Williams smashed a three-run homer in the first inning and Roger Muel hurled a six-hitter after a shaky start as Atlanta snapped a four-game losing streak by beating San Diego.

Atlanta put the game away with a four-run fifth that featured a ground rule double by Rod Gibreath and run-scoring singles by Jim Wynn, Tom Paciorek, Darrell Cuney and Jerry Royster.

Carver's McKenzia Bridge, an invader from California who won an allowance race here last week; Elmdorf's Play The Red, runnerup in the Preakness; and Howard P. Wilson's Great Contractor, second in the Florida Derby.

Another possible entry is Cojak, who finished first in Monday's Jersey Derby but was set down to second for bumping Life's Hope in the stretch. Trainer Sonny Illno had indicated Cojak would run in the Belmont, but track officials said Tuesday they had not yet heard from him.

One major absentee is Preakness winner Elencutionist, who galloped at Arlington Park in Chicago Saturday and appeared in top shape. But Sunday morning, trainer Paul Allwell noticed that the colt's right foreleg showed signs of flinching.

"He wrenched it in some way," Allwell said. "Perhaps he rolled in his stall ... perhaps a thousand things. It just tied my stomach in knots to see it. It's not a serious injury, but there is no way I would take a chance with a nice horse like this, particularly at 1 1/2 miles. So he's out of the Belmont."

Others who definitely won't go are Honest Pleasure, the beaten favorite in both the Kentucky Derby and the Preakness, and Mrs. Annie King's Crystal Water, winner of the Hollywood Derby. The latter will remain on the West Coast and point for the Argonaut June 13 and the Swaps June 27.

Bold Forbes, who figures to be the odds-on favorite Saturday, galloped a strong 1 1/2 miles on Monday.

When you look at giving something up that's been your whole life, it's difficult," said Howe, who scored 100 points and led the Aeros to the WTA finals. "But I haven't given up yet."

HOUSTON (AP) — Former Detroit Red Wings great Gordie Howe, now the playing president for the Houston Aeros, is facing the retirement question for the third time in his career.

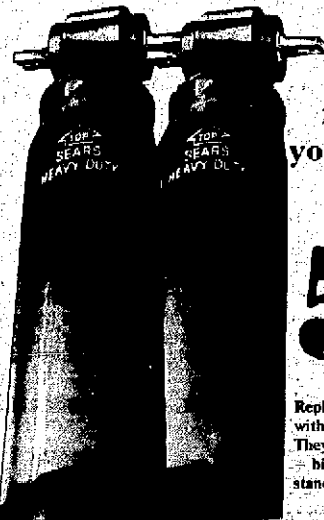

But Tuesday he said he hadn't made up his mind yet about playing for the World Hockey Association team next season.

"When you look at giving something up that's been your whole life, it's difficult," said Howe, who scored 100 points and led the Aeros to the WTA finals. "But I haven't given up yet."

# Prison Terms Are Imposed On Three

A 17-year-old youth was sentenced Monday in Berrien Circuit court to 5 to 10 years in prison for breaking into a Niles jewelry store. He was one of three people who received prison terms.

Sentenced to the 5 to 10-year term by Judge William S. White was Ruben Sanchez, 17, of 1814 Ferry street, Niles, for breaking and entering. He was accused of breaking into Saigh's Jewelry store, at 1949 Oak street, on

Nov. 7.

White noted Sanchez has a juvenile record of breaking and entering offenses, and added \$15,000 worth of jewelry was taken from the jewelry store, with "very little recovered." "If you don't realize your responsibilities in society you're going to be before the courts the rest of your life," White told Sanchez.

White imposed a 5 to 10-year prison sentence on Larry Gene Harris, 28, of Hinckman road, Berrien Springs, also for breaking and entering. Harris on April 2 broke into the office of Dr. Ernesto Medina, at 429 Paw Paw street, Coloma.

The judge noted Harris had been on parole from state prison for a larceny offense only two weeks before he broke into Dr. Medina's office.

Judge Julian E. Hughes sentenced J.N. Mathison, 18, of Grand Rapids, to 5 to 14 years in prison for uttering and publishing a bad check for \$140 July 11 at the Peoples State bank in St. Joseph.

Judge Chester J. Byrns sentenced George Malone, Jr., 23, of 781 East May street, Benton Harbor, to three years probation, with the first 30 days in jail, for attempting to obtain money under false pretenses. The judge also told Malone to obtain his General Educational Development certificate or Malone will spend the last 90 days of probation in jail.

He was accused of claiming he had \$413 in a savings account at the F & M Bank in Benton Harbor and withdrawing \$400 in October, 1975, when he did not have any money in the account.

Placed on three years probation by Judge White were:

Robert D. Griffith, 22, of 860 East Vineyard, Benton Harbor, for breaking and entering the apartment of Johnny Bowman at 312 Territorial road, Benton Harbor, on Nov. 3. Griffith was also ordered to spend the first four months in jail and assessed \$250 fine and costs.

Stanley Joe Suwarsky, 25, of Sister Lakes, for attempted breaking and entering Sept. 2 at the office of Dr. Roland Fofarito in Coloma township. He was also ordered to spend 45 days in jail and assessed \$300 fine and costs.

Receiving two-year probation terms from White were:

Daryl Oliver Norris, 20, of Joliet, Ill., who was also ordered to pay \$400 fine and costs for possession of heroin Dec. 22 in Benton township.

James John Shanahan, 29, of Chicago, who was also assessed \$500 fine and costs for possession of Seconal (a sleeping drug) Feb. 29 in Lincoln township.

Edward C. Weaver, 24, of

Benton township, was told to pay \$200 fine and costs for attempted uttering and publishing a bad check for \$250 Jan. 2 at Inter-City bank in Benton Harbor.

William Riley Nash, 22, of Red Bud trail, Buchanan, also assessed \$250 fine and costs for carrying a concealed weapon—a revolver—Feb. 24 in Niles township.

In arraignments before Judge Hughes:

Dianne T. Torrence, 26, of 132 North Crystal avenue, Benton township, pleaded innocent to a charge of first degree murder stemming from the May 8 slaying death of James A. Rosenburgh at 132 North Crystal.

James Earl Tyes, 17, of Townline road, Benton township, pleaded innocent to a charge of armed robbery—the alleged theft of a TV, shotgun, and cash from Minnie Patterson—at 151 Townline on April 23.

Ronald E. Hayes, 40, of 141 Bank street, Coloma, pleaded guilty to attempted second degree criminal sexual conduct (formerly indecent liberties) with a boy under the age of 13 during the summer of 1975 in Coloma.

Taney Ray Edge, 24, of 5018 Niles road, St. Joseph, pleaded guilty to entering a restaurant at 999 Pipestone street, Benton Harbor, without breaking on May 6.

Thomas W. Saucis, 23, of North Liberty, Ind., pleaded guilty to larceny in a building—the theft of potato chips May 4 from the Lakeshore Skating center in Stevensville.

Leonard Slocum, 19, of 148 Townline road, Benton township, pleaded guilty to breaking and entering the residence of Mrs. Willie Woods, at Box 166 Townline, on April 16.

Michael Gene Henderson, 22, of 2015 Hatch street, Benton township, pleaded innocent to a charge of armed robbery—the alleged assault at gunpoint of Earl Sili May 8 on Blue Creek road, Benton township, in which a gun and cash were allegedly stolen.

## Litterer Sentenced To Highway Labor

An 18-year-old St. Joseph township man was sentenced yesterday in Berrien Fifth District court to assist the Berrien Road commission in road clean up work for two days as a penalty for littering.

Sentenced to two days of work by Judge Leo K. Cook was Kirk L. Wieser, 18, of 1038 Fairlawn road, St. Joseph township. Wieser pleaded guilty to littering May 29 at the corner of Langley and Wulcott avenues.

He was ordered by Cook to report at the road commission to work both June 14 and 15 from 8:30 a.m. until 4:30 p.m.

## Gets 90 Days In Car Death

The driver of one of three cars involved in a fatal crash last February in Niles township was sentenced to 90 days in jail yesterday in Berrien Circuit court.

He was charged in the Feb. 24 death of David C. Prater, 25, of Buchanan, stemming from a crash on US-31 near Ullery road. Jones was charged as the driver of a car which hit the rear of a car driven by Prater, which was forced across the center line into the path of an oncoming vehicle.

## Candidate Enters Plea Of Innocent

Lawrence C. Sherman, 24, route 1, Townline road, Benton township, pleaded innocent yesterday in Berrien Fifth District court on a charge of fleeing police.

Sherman, candidate for the Democratic nomination for 44th District state legislator, was released on \$1,000 personal recognizance bond. He was arrested Monday after he allegedly fled from police after an argument between himself and another man. The argument took place at the Benton township police station parking lot.

Police reported Sherman was apprehended a short distance from the police station after driving off in his car.

## TO THE CUSTOMERS OF CONSUMERS POWER COMPANY

### NOTICE OF HEARING ON ACCOUNTING AND RATEMAKING TREATMENT OF AN EARLY RETIREMENT INCENTIVE PROGRAM

Take notice that Consumers Power Company (Applicant) filed an application with the Michigan Public Service Commission (Commission) on May 6, 1976 for approval of certain accounting and ratemaking treatment of costs which will be incurred in implementing a proposed Early Retirement Incentive Program.

Applicant states that as part of a continuing effort to render efficient electric and gas service to its customers and in conjunction with a reorganization of various aspects of the Company's management as a result of the energy crisis and expanded application of computer uses, Applicant proposes to implement an Early Retirement Incentive Program.

Applicant estimates that while substantial one-time costs would be incurred in the implementation of the proposed Early Retirement Incentive Program, the total of such one-time costs is expected to be more than offset by annual payroll savings achieved through net reductions in the number of employees and lower average payroll costs of employees hired or promoted to fill vacancies resulting from the Program.

Applicant proposes, for accounting and ratemaking purposes, to record the aggregate of the one-time costs incurred in the implementation of the proposed Early Retirement Incentive Program in Account 186, "Miscellaneous Deferred Debits," with a concurrent credit to Account 186 and debit to Account 236, "Accrued Income Taxes," for the related income tax benefit received by the Company in the current year. Applicant also proposes to amortize the amount in Account 186 over a 60-month period commencing with the first month in which one-time costs are incurred, through debits to Account 926, "Employee Pensions and Benefits," and credits to Account 186 for the one-time costs, with concurrent debits to Account 186 and credits to Account 236 for the related income taxes. Applicant further seeks approval for the inclusion of the net balance remaining in Account 186 from time to time in its

rate base for ratemaking purposes. The accounting and ratemaking treatment requested by Applicant would, if approved, result in the recovery by Applicant from its customers over a five-year period of the costs incurred in implementing the proposed Early Retirement Incentive Program through inclusion of such costs in utility cost of service. Such cost is not expected to exceed cost reductions to be accomplished through the Program.

Copies of the application may be obtained from the Secretary of the Commission, Law Building, Lansing, Michigan 48913, or from Consumers Power Company, 212 West Michigan Avenue, Jackson, Michigan 49201, Attention Mr. Paul A. Perry, Secretary.

A public hearing will be held commencing at 9:30 AM on June 18, 1976 in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of determining what action by the Commission would be appropriate with respect to the relief sought by Applicant. Interested persons may attend the hearings and participate subject to the provisions of the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

Jurisdiction in this matter is pursuant to Act 106, PA 1909, as amended, MCLA 460.551, et seq; Act 300, PA 1909, as amended, MCLA 462.2, et seq; Act 3, PA 1939, as amended, MCLA 460.1, et seq; Chapter 4 of Act 305, PA 1969, as amended, MCLA 24.201, et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

# Police Hunt Sisters' Slayer

SAGINAW, Mich. (AP) — Police today sought a slayer who stabbed two young sisters to death Tuesday, one of them dying as she frantically tried to phone for help.

Police said one of the sisters tried to call her mother, who was on duty as night nursing

supervisor at Saginaw General Hospital but never completed the call. The hospital telephone operator said she heard a single call for help and the phone was cut off then.

The operator said she did not report the incident because there had been several such crank calls.

Police said the telephone and its immediate area were covered with blood. A knife was nearby.

One body was found in the basement and the other in the bedroom of the one-story home. The assailant set two fires in a mattress in an apparent effort to cover up the murders, police said.

The bodies of Carla Otto, 13, and her 10-year-old sister, Carmen, were stabbed several times but were fully clothed. There was no evidence of sexual assault, police said.

Officials said the two girls were alone at the time of the slayings.

"At this point, we just don't have much to report," said Gary Foster, Buena Vista Township police chief.

Police said they were convinced only one person committed the crimes but declined to say what led to that conclusion.

Mrs. Shirley Otto told officials she became concerned when she was unable to reach her daughters by telephone to wake them up for school after the long Memorial Day weekend.

She said that by previous arrangements with neighbors, they checked at 2 a.m. and again at 5 a.m. to make certain the girls were alright.

When there was no answer to

**SLAYING SITE:** Police were without suspects or substantial clues in the double knife slayings of two Saginaw, Mich., girls at their home. her phone call, she asked a neighbor, Clarence Gultman, 55, to check on the girls. Gultman, who discovered the bodies, suffered smoke inhalation when he tried to put out the fire and later collapsed. He was hospitalized in critical condition.

Firemen put out the blaze which was confined to the mattress.

A neighbor told police he had seen a late model, dark automobile near the house twice in the early morning before the

bodies were discovered. Police said they have no suspects or motives in the slayings.

Mrs. Otto told police she often left the girls home alone with all doors and windows locked while she was at work. She said she checked just before she went to work and that all were locked. Officials said the girls' father, Carl Otto, a Saginaw theater employee, and their mother were divorced several years ago.

The girls were described by neighbors as very quiet. Carla was in the 8th and Carmen in

## Changing The Phones

DETROIT (AP) — More than 100 Michigan Bell employees have begun the task of converting 51,800 pay phones in the state to the new 20-cent local charge, the company announced Tuesday. Adjustments in the Detroit metropolitan area will be completed by Aug. 16, with conversion of phones in the outstate area slated for completion by Oct. 11.

# Five Out Of Six Claim Wins In Tuesday's Vote

By DAVE GOLDBERG  
Associated Press Writer

Rhode Island Democrats have thrown additional question marks into the Democratic race for president by giving Jerry Brown what he says is a victory that makes him the preeminent challenger to front-runner Jimmy Carter.

On a primary day in which the voters continued to send out mixed signals and five of the six major candidates involved claimed some sort of victory, the most noted result was in Rhode Island.

There a small turnout of voters gave an uncommitted slate 22 per cent of the vote to 30 per cent for Carter, the former Georgia governor, and 28 per cent for Idaho Sen. Frank Church.

Brown, the California governor, had urged voters to vote uncommitted, and when they did, he said they were really voting for him.

In other results from Tuesday's primaries, Ronald Reagan defeated President Ford in Republican voting in Montana and South Dakota but

Ford gained a 2-1 victory in Rhode Island and swept all 19 delegates there. That gave the President a 28-11 edge in delegates for the day, although Montana has still to select its slate of 20 at a convention.

Carter, meanwhile, was winning in South Dakota with a 41-34 per cent edge over Arizona Rep. Morris K. Udall, who had hoped to win his first primary and instead finished second for the eighth time. And Church captured Montana easily with over 60 per cent of the vote in 24 per cent for Carter.

So going into next Tuesday's primaries in California, New Jersey and Ohio, which will select 540 Democratic delegates and 331 on the Republican side, this is the way they stand:

Republicans, with 1,130 delegate votes needed for nomination: Ford 805, Reagan 854, uncommitted 144.

Democrats, with 1,505 needed: Carter 900, Udall 308.5, with an uncommitted bloc of 415.5.

Brown, who got no official delegates on Tuesday, is far down the list with 18, although he should improve that standing

next week in his home state of California where there are 281 at stake.

But the 38-year-old governor, in New York in an attempt to solicit delegates pledged to Washington Sen. Henry M. Jackson, whose campaign has lapsed, talked like anything but an also-ran.

"The outcome in Rhode Island was crystal clear," he said. "I was the only one urging voters to pull the uncommitted lever." He added: "I think this makes me the main contender next to Mr. Carter."

There were nine uncommitted delegates elected in a separate selection in Rhode Island, and Carter and Brown were playing something of a numbers game over them. Brown said that of the 28 candidates running for positions, 18 favored him. Carter noted that four of them had endorsed him and said he wasn't writing off the results.

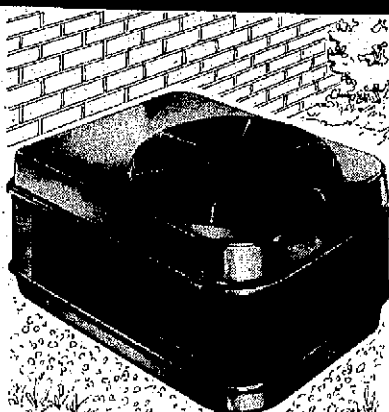

On the whole, Carter said, it wasn't a bad day.

# Michigan Power Says I&M Hike Is 60% Boost

THREE RIVERS — The retail cost of electricity to Michigan power company customers would increase by over 60 per cent if the state's wholesale power supplier wins approval for an increase in rates, the firm's headquarters announced yesterday.

Richard Sampson, executive vice president at Michigan Power, said the proposed increase in wholesale charges is estimated at \$7.2 million annually. It is being sought by the state and Michigan Electric Power, the firm which sells power wholesale to Michigan.

The request is now before the Federal Power Commission, Sampson said.

He said the \$7.2 million request "seemed staggering" at first, but he realized that this is the rate I & M has applied for "increase" since it first delivered power to us under a contract which became effective in 1950.

The necessity to pass this cost on to its customers would result in Michigan power rates increasing by 60 per cent, Sampson said. That's expecting quite a lot, if I & M can prove its need for the FPC," he said.

"I am hopeful that we will prevail in our efforts to work out a smaller increase with I & M," Sampson said.

Michigan Power serves portions of the counties of Berrien, Cass, Van Buren, St. Joseph, Kalamazoo and Allegan.

I & M has been on a severe cost-cutting program since the middle of 1974, according to Sampson. It has either stopped or drastically curtailed necessary maintenance work such as line trimming, brush control or right-of-way maintenance, painting, fishing, and rebuilding projects, Sampson said.

"There doesn't seem to be any doubt that I & M company is presently in a critical financial position and one which will further deteriorate to the point where they may no longer be able to meet the electrical requirements of their customers without rate relief," Sampson said.

"But in retrospect, I think that I & M waited too long to adjust its rate. I would rather have seen a more gradual increase spread out over the

past several years rather than having the full impact of the increase, we are now faced with," he added.

He said I & M and Michigan Power both face almost daily increases in the cost of labor, goods and services.

"These costs must ultimately be paid for by the consumer — through rate increases — even if we don't like them," Sampson said.

# It's Costing More To Eat Breakfast

By MARTY HAIR  
Associated Press Writer

The breakfast basics of coffee, eggs and butter all cost more in May than in April, according to the monthly Michigan AP Marketbasket survey.

The price hikes pushed the 15-item marketbasket up six cents, or about four-tenths of one per cent, to \$14.25 in May. The cost of coffee made the biggest jump, up six cents to a record \$1.77 per pound.

Eggs went up four cents to 70 cents, but the cost of a dozen of medium size eggs still was less than its record 89 cents of last December. A pound of butter rose a penny to \$1.13. Butter was at a high \$1.27 last December.

The prices of orange juice and milk dropped in the survey of nine Michigan cities. A six-ounce can of juice went down a penny. April's 31 cents tied a record high. Milk also fell a penny in May after a record high 90 cents in April.

Other marketbasket items that showed price increases included a pound of center-cut pork chops, up four cents to \$1.97 but still below the \$2.14 high set last September.

The price of all-beef franks also rose. A pound was up four cents in May at \$1.30. The record high, set last October, was \$1.36.

A 48-oz. box of laundry detergent at a record \$1.33 cost a penny more in May than it did in April. But the price of fabric softener dipped five cents to 82 cents, its lowest since last summer.

The only meat product that showed a price decrease last month was chopped chuck, which dropped two cents to \$1.13 per pound. In the first marketbasket survey, in September 1974, the average price was a record \$1.25 a pound.

The cost of two rolls of paper towels dropped five cents to 75 cents after April's record.

Prices stayed the same for peanut butter, chocolate chip cookies, sugar and tomato sauce. A 12-ounce jar of peanut butter held its own at 70 cents; a 1 1/2-ounce bag of chocolate chip cookies at 80 cents; a five-pound bag of sugar at \$1.20; and an 8-ounce can of tomato sauce at 20 cents.

Only Lansing, Gaylord and St. Joseph showed price decreases during May. Lansing had the biggest drop in the marketbasket total, down 15 cents to \$14.68. Gaylord's total dipped six cents to \$16.14, while St. Joseph's fell three cents to \$14.78.

Detroit's 80-cent increase pushed its marketbasket total to \$15.03. Mount Clemens' total was up 27 cents to \$14.52, while Pontiac's rose 24 cents to \$15.36. Marquette's price went up 21 cents to \$14.82, Flint's up 16 cents to \$14.71 and Grand Rapids' up nine cents to \$14.60.

Here are the statewide April

and May averages for the 15 grocery items which comprise the AP Marketbasket survey:

1. One pound chopped chuck: April \$1.15, May \$1.13.
2. One pound center-cut pork chops: \$1.93, 1.97.
3. Six-ounce frozen orange juice: 31 cents, 30 cents.
4. One pound coffee: \$1.71, \$1.77.
5. Two rolls paper towels: 80 cents, 75 cents.
6. One dozen medium eggs: 68 cents, 70 cents.
7. One pound butter: \$1.12, \$1.13.
8. 48-oz. laundry detergent: \$1.32, \$1.33.
9. Fabric softener, size varies: 87 cents, 82 cents.
10. 12-oz. peanut butter: 70 cents, unchanged.
11. Eight-oz. tomato sauce: 20 cents, unchanged.
12. 14 1/2-oz. chocolate chip cookies: 80 cents, unchanged.
13. One quart milk: 50 cents, 49 cents.

14. One pound all-beef franks: \$1.26, \$1.30.

## Slow Burn May Irk Smokers

WASHINGTON (AP) — Congress may do a slow burn if the government imposes safety regulations on matchbooks at an annual cost of \$68 million.

The Council on Wage and Price Stability says the safety regulations proposed by the Consumer Product Safety Commission not only would make matches more expensive but also make them harder to use.

**When Wesley Grows Up He May Thank Roger!**

As the creeping conformity of our society progresses, individuality becomes more and more difficult. Day after day we are pressured to act, think and look like everyone else.

It's hard to make the point, for instance, that the Herald-Palladium isn't trying to look and be like all other daily newspapers. We're trying to be newspapers that reflect life as it really is in this part of Michigan — and the attitudes of its individualistic people. By differing from other newspapers, we succeed. By conforming, we fail!

Think of the edge flat-headed Wesley will have as grows up — in a world full of round-headed people!

# Many Townships In Berrien Face Primary Runoffs

Candidates for offices in Berrien county's 22 townships flocked to township halls yesterday to meet the deadline for getting their names on the Aug. 3 election ballot. When the filing flurry ended, voters were faced with a myriad of party races to settle.

On the Republican side, races for supervisor nominations existed in Bertrand, Coloma, Lincoln, Niles, Three Oaks and Watervliet townships. The GOP had contests to settle in eight other townships also. Democrats had supervisor contests on tap in Benton, New Buffalo, Niles and Sodus townships. They had at least 11 other races to settle in the same four townships as well.

One race, the GOP supervisor contest in Bertrand was touched off when veteran Supervisor Brayton Yaw decided not to seek re-election. In another unexpected filing, a three-way race developed for the GOP supervisor nomination in Lincoln township. There, Ronald Schultz, a former township administrative assistant and Thomas McGrath, owner of McGrath's restaurant, joined Mrs. Bernice Threthway in seeking the nod. Mrs. Threthway, the current clerk, announced she would seek the post when incumbent supervisor Ernest Hauch decided not to seek re-election.

Following is an account of the filings by township:

## Bainbridge

All incumbent Bainbridge township Republican office holders will be unopposed in the township primary election, Aug. 3. Filing petitions for nomination were Leonard Smith, Jr., 6440 East Empire, Benton Harbor, supervisor; Beverly Kerch, 8100 East Empire, Benton Harbor, clerk; James Lull, route 2, Hill road, Watervliet, treasurer; and Edward Lull Jr., 3909 Territorial, Benton Harbor, trustee.

All are two-year positions, except the trustee post which is for four years. Filing petitions for the Republican nomination for township constable was incumbent constable Richard L. Gittersonke, East Empire, Benton Harbor.

## Baroda

BARODA — All incumbent Baroda township officials will be unopposed in the township primary election Aug. 3. All are Republicans. Filing petitions for nomination were Orland Mead, 1461 Church street, supervisor; Emil Nitz, 1600 Church street, clerk; Donald Gast, 502 West Lemon Creek road, treasurer; and Louis Schlutt, Jr., Hollywood road, and John Shaffer, Hills road, trustee.

All are two-year positions, except the trustee posts, which are four-year terms. No Democrats filed for office.

## Benton

Benton township Democrats have primary contests for all six offices at stake in the November election. Republicans have filed a complete slate but have only one primary contest for constable. Contested Democratic nominations and candidates for the Aug. 3 primary are:

Supervisor — Joseph L. Pastelli, 2892 Territorial road; and Catherine Sirk, 1892 East Empire avenue.

Clerk — Cecelia Burke, 971 Ramona avenue; and Larry Trail, 1200 East Empire.

Constable — Jerry M. Campbell, 1924 Hatch street; James H. (Waldo) Lechman Jr., 229 Benton Center road; and Richard L. Jones, 3206 Easy street.

Republican candidates are: Supervisor — Henry G. Handy, 1140 Golf road; clerk — Betty (D) Womer, 285 Elsie drive; treasurer — Oliver A. Rector, 443 Nickerson avenue; trustees — James Cuthby, 1290 Hilldale road; and Walter Heritz, 3818 East Nipier. Republicans competing for one nomination for constable are Garfield Baskin, 2194 Berg avenue; and George Schmalbach Jr., 4615 Napier avenue.

Each party will nominate one person for every office except trustees which will have two nominees. None of the candidates is an incumbent in the office for which he or she filed. However, Mrs. Sirk is incumbent clerk, Pastelli incumbent treasurer, and Malkin on incumbent trustee.

## Berrien

BERRIEN CENTER — A two-way race for the Republican nomination for one trustee post will be the only contest in the Berrien township primary election Aug. 3. Incumbent Peter Russell, route 2, Berrien Springs, will be opposed by newcomer Allan Eiders, route 1, Berrien Center. Other Republicans filing petitions for nomination were Lowell Bruce, route 1, Berrien Center, supervisor, and Ester Summers, route 1, Berrien Center, clerk. Both are incumbents.

## Watervliet

WATERVLJET — A two-way contest for the Republican nomination as Watervliet township supervisor will be decided by voters during the annual township primary election, Aug. 3. Filing for the post were William N. Gaines, M-140 North and Harry H. Zepik, route 2, Carnody road. Township Supervisor Lyle Woodworth announced previously he would not seek re-election.

A petition from Robert E. Curtis, Paw Paw avenue, for the Democratic nomination was not accepted, the township clerk's office said, because a required signature by Curtis on an affidavit of identity was not obtained by the filing deadline. For other offices, Barbara Tyler, incumbent clerk, route 3, will be unopposed for re-election in the GOP ticket.

Republican township treasurer Eleanor Kroll, route 1, will also be unopposed as will Democrat Cheryl Hutchins, route 1, County Line road, who filed for her party's treasurer's nomination. Incumbent Trustee Robert Morlock, route 1, Hennessey road, is unopposed for the Republican nomination for another four-year term on the township board.

## Weesaw

NEW TROY — A two-way race for one Weesaw township trustee post will be the only contest in the township's August primary election. Clarence Wirth, Republican incumbent trustee of route 2, Three Oaks, will face a challenge from fellow Republican Arthur Gurdike, of route 1, Sawyer.

In all other races, Republican incumbent candidates are unopposed following yesterday's filing deadline. They are Supervisor Allen Boyd, P.O. Box 93, New Troy; Clerk John Payne, route 2, Three Oaks; Treasurer Frank Kramer, route 1, Sawyer, and Constable Jim English, box 141, New Troy. All candidates are seeking two-year terms, except the trustee candidates, who are seeking a four-year post. No Democrats filed.

### The Backlog Grows

LANSING, Mich. (AP) — The backlog of cases awaiting action by the Workmen's Compensation Appeal Board has increased 37 per cent since 1972 and the average case now takes nearly two years to resolve. A state audit report, released Tuesday, showed that as of June 30, 1975, the 11-member board had 1,378 appeals pending, an increase of 516 cases over the number pending three years earlier. The audit also showed that of 1,672 new appeals received by the board during 1974-75, only 1,431 were resolved. Appeals board chairman Michael Gillman said Tuesday that up to 75 per cent of the decisions made by the Bureau of Workmen's Compensation are challenged before the appeals board, and most do not get a hearing until 20 to 22 months after they are filed.

### Another Foe Of Rate Hike

LANSING, Mich. (AP) — The Michigan Public Service Commission has joined the state in seeking an immediate reversal of a lower court order that allowed Detroit Edison Co. to raise rates by \$13.8 million. In briefs filed with the appeals court Tuesday, the PSC alleged that Ingham County Circuit Court Judge Donald Reids erred in granting the immediate rate increase. The PSC said Edison failed, among other things, to show it would suffer irreparable harm if it failed to get the increase. The rate increase took effect Saturday for the company's 1.7 million customers, according to an Edison spokesman.

### Cycle Vanity Plates

LANSING, Mich. (AP) — Owners of motorcycles and pickup trucks can now apply for personalized license plates, according to the secretary of state. The plates, like those for cars, will cost \$5 above the normal license plate fee. Applications may be obtained at any secretary of state field office and must be submitted before the deadline of June 30. Secretary of State Richard Austin said Tuesday that license plates for pickup trucks will fall under the same regulations as those for automobiles — any combination of two to six letters or numbers. Motorcyclists will be restricted to combinations of five letters or numbers.

### Request For Grand Jury

HILLSDALE, Mich. (AP) — Hillsdale County Prosecutor Larry Hayes Jr. has asked for a one-man grand jury to probe "numerous complaints concerning personnel at the county sheriff's department." The petition was presented Tuesday to Circuit Court Judge Kenneth Prettle, who said he would consider the matter but set no timetable for a decision. Hayes declined to give any details about his request except to say, "The nature of the complaints was such that I had no choice but to go to a grand jury." Sheriff Edward Webb declined comment on Hayes' request. Two deputies were suspended without pay May 21 on the complaint of a detective in the department, but charges against them never were made public.

### Drug Trial Underway

DETROIT (AP) — The trial of eight men charged with conspiracy in an alleged international marijuana-by-the-ton sales scheme got underway in federal court Tuesday. Government attorneys said the eight represented what was left from a 28-person indictment handed down in December and January. Charges were reduced against four, and the remaining 14 have pleaded guilty. Asst. U.S. Atty. Peter Rosen told the jury he would prove the marijuana sales organization stretched from California to Mexico to Providence, R.I. between 1972 and 1975.

# Average New Home Now Costs \$100,000

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) — The average new single-family home now costs about \$100,000. Shocking as that price might be, it is a fact if you include the cost of financing which over the past 10 years has added much more to the price of housing than have building costs.

In 1966 a new single-family house cost about \$25,000. If a \$5,000 down payment were made it would leave \$20,000 to be financed at 6 per cent for 25 years. Total cost: \$43,681. A comparable house in 1976 costs \$45,000. After a \$9,000, 20 per cent, downpayment, \$36,000 would remain to be financed at 9 per cent for 25 years. Total cost: \$89,636.

In terms of monthly payments, the 1966 purchaser must

come up with \$128.87 — generally rounded off to \$129 — while the 1976 buyer has to pay a note of \$302.12. Stated starkly, the typical purchaser cannot afford the typical house, and no agency of government or private enterprise seems able to resolve the dilemma.

Builders have literally cut corners, reducing the size of models. They have cut out the extra bath and the fourth bedroom, have left attics unfinished, eliminated the garage, reduced the quality of cabinetry. Individuals have resorted to their own devices. On a small scale, some companies offer kits to individuals capable of erecting their own homes. And many young couples have bought and refinished older, run down homes.

The overall problem remains, however. A survey by "Professional Builder Magazine" indicates that at least 40 per

cent of potential buyers in the age group to 34 years cannot afford to pay more than \$35,000. Moreover, the trend continues to worsen. Often ignored in time and price comparisons is that worker income, while increasing, is not rising as fast as housing prices.

In a commentary on the housing market this week, Rinfret-Boston Associates notes that early in 1976 it took the average manufacturing worker 303 weeks' pay to buy an average priced house. In 1971 it took only 251 weeks. Once purchased, the typical house also proves to be expensive to operate, with costs of taxes, fuel, repairs and general maintenance all rising swiftly. In some instances much more sharply than the general inflation level.

Curiously, however, discussion of the problem seems to be absent from public debates, or at least treated with apathy. So

long as it persisted, it seems that courage to face the issue seems to have waned. In the political campaigns it appears to be hardly an issue at all, and yet there are no more basic needs than food, clothing and shelter. And quality shelter, a home of one's own, remains one of the great American aspirations.

Says Rinfret: "Housing will not become a dynamic element in the American economy unless and until certain changes occur in the price of a house, the regulations concerning construction, the costs of labor and money. Housing needs to be looked at in a new and different way. Structural changes will be required in housing before it can reassert itself as an economic dynamic."

To which might be added: Not just in terms of national affairs, but in the lives of many millions of individuals.

## NEWS OF MARKETS

### Market Settles Back

NEW YORK (AP) — Stock market prices settled back today, continuing the slow decline that set in late Tuesday.

The Dow Jones average of 30 industrial stocks slipped more than a point in the early going. Losers took a 4-3 lead over gainers among New York Stock Exchange-listed issues.

Analysts said the market continued to be weighed down by concern over rising interest rates.

They also said investors were taking another cautious look at the civil war in Lebanon and its possible effects on the stability of the Middle East generally.

Today's early prices included American Telephone & Telegraph, down 1/4 at 54 1/4; Kraftco, unchanged at 42 1/2; General Electric, up 1/4 at 31 1/2; and Halliburton, steady at 55 1/2.

On Tuesday the Dow Jones industrial average declined 2.10 to 973.13.

Losers held a slight overall edge on gainers among NYSE-listed issues, and the exchange's composite index dropped .15 to 55.10.

Big Board volume slowed to 13.88 million shares, the lightest total in nearly five months.

At the American Stock Exchange, the market value index lost .25 to 182.01.

### Six Firms Sued For \$500,000

LANSING, Mich. (AP) — The state of Michigan has filed suit to collect more than \$500,000 in unpaid taxes from six of the nation's largest insurance companies.

Atty. Gen. Frank Kelley said Tuesday that he has sued Guardian Life Insurance Co., Penn Mutual Life Insurance Co., Prudential Insurance Co., Metropolitan Life Insurance Co., Equitable Life Assurance Co. and New York Life Insurance Co.

Kelley said Michigan law requires all out-of-state insurers to pay a tax on the premiums collected from their customers. In addition, a previous attorney general's opinion requires the companies to include the cost of insurance benefits to company employees in the gross premiums.

Kelley charged in a suit in Ingham County Circuit Court that none of the six companies had included their employees' benefits since he issued the opinion 11 years ago. He asked the court to collect interest and penalties.

Kelley said he also filed a counterclaim against Mutual of New York, which, he said, has not complied with the law, either. The company has filed suit claiming to be exempt from the Michigan law.

## Japanese Carmaker May Build In U.S.

TOKYO (AP) — Nissan Motor Co. executives said Tuesday the Japanese automaker may build an assembly plant in the United States, although not likely before 1980.

"We are studying how the project can best be materialized in the most suitable area," said Sadamichi Sasaki, Nissan's executive vice president.

The Nissan officials said at a news conference that an American plant isn't necessary to meet the demand for Nissan vehicles in the U.S., particularly since the company has just opened a new production facility in Kyushu, Japan's southernmost main island. Nissan makes Datsun autos.

During the 12 months ended March 31, Nissan exported 38,312 vehicles to the U.S. and Canada. The amount came to 40 per cent of the company's total export sales in the period. Nissan sold 103,183 vehicles in the U.S. between January and April.

Asked how Nissan would react if Japanese rival Toyota

Motor Co. built a U.S. plant, Sasaki said, "this isn't the Olympics. We'll go at our own pace."

Because of the U.S. government's recent probe into charges that Japanese autos were being dumped in the American market, Nissan's top management is wary about building an assembly facility in the U.S., the automaker's officials said. The probe was discontinued early last month.

VW, the German auto manufacturer, has announced plans to begin its first American assembly operation, probably at a partially finished Chrysler Corp. plant in New Stanton, Pa.

The converted VW plant will assemble up to 200,000 Volkswagens annually and employ 5,500 workers at full capacity, the automaker said.

VW has said it hopes to begin producing autos in the United States by late 1977.

## Nuclear Plants Here On Security Alert

By JIM DeLAND  
Assistant City Editor

A security alert issued last Friday by the Nuclear Regulatory Commission remains in effect today at two southwestern Michigan nuclear power plants.

Both the Donald C. Cook plant near Bridgman and the Palisades plant near Covert were included in the "low level" alert issued by the NRC as a precaution against possible seizure or sabotage at any of the nation's 58 nuclear generating plants.

A spokesman for the Indiana & Michigan Electric company's Cook plant said increased

### Berry Deliveries Reduced

A mere 75 packages of strawberries showed up at the Benton Harbor market Tuesday, coming in on 10 grower loads. The offerings included 55 16-quart crates and 20 8-quart flats. This was fewer than appeared on Monday.

Market Manager Al Braund said today's volume should be up, but that it probably will be Thursday before the supplies show a major spurt.

Berries yesterday, mostly Midway and Guardian varieties, ranged from \$9 to \$11 in crates. Flats were \$5.50 and \$6.

## Richmond, Ind., Paper To Be Sold

ROCHESTER, N.Y. (AP) — The Gannett Co., Inc. announced Tuesday it had reached agreement to purchase the Richmond, Ind., Palladium-Herald, a daily and Sunday newspaper.

The 30,000-circulation newspaper, founded in 1831, serves a manufacturing and trading city of 40,000 population about 70 miles east of Indianapolis and near the Ohio state line.

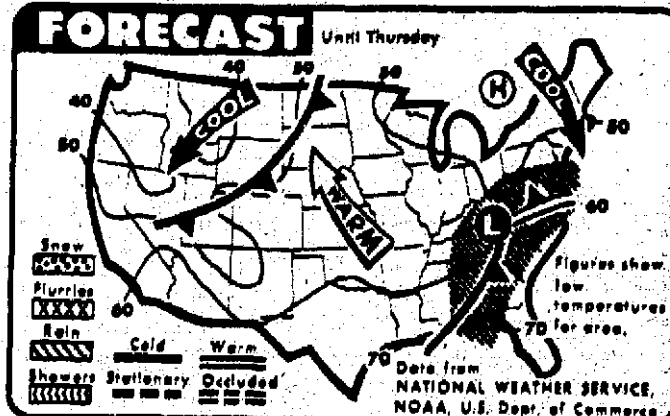

Purchase price for the stock to be acquired at the closing will be in excess of \$4.7 million, Gannett said.

Paul Miller, Gannett board chairman, and Allen H. Neuharth, Gannett president and chief executive, said Edward S. Harris would continue as editor and publisher of the Palladium-Herald.

The Palladium-Herald will become the 54th newspaper in the nationwide Gannett Group, which owns publications in 18 states — including three in Michigan — and on Guam.

## THERE IS NO YES OR NO ANSWER

To Representative Bela Kennedy:

The legislative questionnaire and news letter you have mailed has been received and cannot be answered in a simple yes and no. If Alexander Hamilton would have received your questionnaire he would say as he did 180 years ago, "An enlightened zeal for the energy and efficiency of government will be stigmatized as the offspring of a temper fond of despotism and hostile to the principles of liberty. An over-scrupulous jealousy of danger to the rights of the people, which is more commonly the fault of the head than of the heart, will be represented as mere pretence and artifice, the stale bait for popularity at the expense of public good."

My friends and I are weary of legislation; delegated authority; judicial power; regional planners; headshrinkers; E.P.A.; O.S.H.A.; I.L.U.D.; and all the alphabetized factions; the unconstitutional, usurped to a point which could change many a vote, does not come from the heart but rather from the head and the knowledge that liberty can be given by legislation is false.

We the People do know what is happening to our country. We the People are aware of and late are about ready to use the check and balances of the Constitution we gave to the elected citizens of our choice.

Article 1, Section 1: "herein granted" means we the people gave Congress the Constitution and not a bunch of not elected regulators. I could go on and on about the violations of the Constitution - busing, taxes, land-use bills, labor unions, constitutional amendments, and etc.

To answer your questionnaire, read the Constitution and the 85 papers of Hamilton, Madison, and Jay (The Federalist Papers 1787).

## They Will Bike Cross Country The Easy Way

JACKSONVILLE, Fla. (AP) - Three school teachers plan a cross-country bicycle ride, but they won't be roughing it any more than necessary.

Chris Kelley, Randy Glarraputo and Nick Albertson - teachers at Jacksonville Episcopal High - said they are shipping their bikes to San Francisco and will fly there to begin the 3,500-mile trip about June 20.

They said they expect to make it to Cape Cod, Mass., in 56 days.

"The reason we are traveling from west to east is because of the wind factor," said Kelley, who hatched the idea for the trip. "The prevailing winds are from west to east, so that does make it more pleasant."

ROBBINS: It's the cost of living.

# AUTHOR HAROLD ROBBINS His Fee Is \$1.4 Million

**THE COST OF HIGH LIVING:** Harold Robbins, as far as we know the world's richest writer, is reported to have received \$1.4 million for the rights to his next book, "Dreams Don't Die," before he wrote a word of it. Asked how he settled on that figure, Robbins said, "Well, I got \$800,000 for my last book, 'The Pirate' and the cost of living has gone up a lot since then."

**Q. Is Italian film director Federico Fellini, whose films show so much sexual promiscuity, much of a playboy himself?** — J.F., Wheeling, W. Va.

A. Fellini is usually pictured as a detached observer of the sexual scene — contentedly married to elfin actress Giulietta Masina. For the last year, however, maybe under the influence of his latest film, "Casanova," Federico has been seen around a lot with a beautiful young actress, Olympia Carlisi. Have we been wrong about him all along?

**Q. Actor Richard Harris and his new wife, Ann Tinkler, were trying to have a daughter to go with Harris' three teenage sons. Any news?** — P.J., Livermore, Calif.

A. We're sorry to report that Ann, who had taken special treatments which were sup-

posed to increase the chances of her having a daughter, recently suffered a miscarriage in Rome. But the couple say they will try again.

**Q. You mentioned some time back that Stefanie Powers took time off from her own acting career to help keep her lover, William Holden, off the sauce.**

Are they still together? — W.O., Linden, N.J.

A. Absolutely. The two are planning to drive a truck across Mexico — and after that, they're off to Tibet.

**Q. I've heard that other countries are undergoing even stranger nostalgia crazes that we are in America. Does**

violence figure in?

A. It looms very large, with World War II the main focus. Germans are re-examining the Hitler years; the Japanese are looking again at the mystique of the kamikaze pilots; and one of the top TV shows in England has a war setting. Of course, the British remember the war differently than we do. Although American G.I.s are featured in the TV series, its title is "Yanks Go Home."

**Q. Our presidential contenders don't seem to be happy unless they can attract a roomful of Hollywood stars to sing their praises. Who was lucky enough to bag super star Robert Redford?** — S.Z., Buffalo, N.Y.

A. Redford, it turns out, is a special kind of bird. In spite of his involvement in such political movies as "The Candidate" and "All the President's Men," and his activism in conservation causes, he has kept aloof from individual endorsements. Five Democratic hopefuls came pleading for support but Red-

ford turned them all down.

**Q. What's your bet? Do you think Warren Beatty will marry singer-turned-actress Michelle Phillips?** — C.M., Fort Lauderdale, Fla.

A. Highly unlikely. Beatty will marry eventually, probably when he decides it's time to start a family. Our guess is he'll pick a beautiful, very young heiress or perhaps someone with a touch of royalty. Why not? He'll have his choice.

**Q. Is Twiggy trying to set some kind of record for the world's longest engagement?** — W.L., Chicago

A. Twiggy, who has plumped

ANN: Another try for a daughter.

up some lately, says she is going to marry her live-in lover, Michael Wilney, on her birthday in September. However, she and the American actor have been having huge, screaming fights in some of the best restaurants in England these days, so hold off on a wedding present. We'll get back to you on this one.

replace the iron they lose, and more and more women are losing their hair through simple anemia. How much pasta do Americans eat in a year? About two billion pounds, according to the National Macaroni Institute. Daffy Definition: A safety belt is the one you don't drink before driving home. Here's a handy reminder on wine service: Almost without exception, white wines are best when chilled, and red wines are best at room temperature.
